Describe how proposed land use request will have direct or significant indirect benefit to the Trust and/or its Beneficiaries (Applicants & Lessees): This proposal was submitted under Hawaiian Homes Commission Mtg of September 22, 2009, Agenda # J.1. Grazing of these lands, was and still is consistent with the "Aina Maunaloa Legacy" program adopted by DHHL as it addresses the issue of "Fire Mitigation" through grazing to protect the upland reforestation efforts, the further protection and preservation of present Homestead/Beneficiary lands, and allows for the expansion of ranching operations/additional grazing as a result of reported drought occurrences. In regards to the trust, it will provide additional revenue as the lands have been non-revenue productive since 2002.

The following authorized representative submits this request for use of Hawaiian home lands under non-homesteading purposes and acknowledges that:

1. This is an application process that will be subject to further review, evaluation and consideration by DHHL and may require additional information to be submitted;
