Does applicant have any existing land disposition issued by Hawaiian home lands for non-homesteading use purposes? Yes No

If yes, under what type of use and disposition: If possible, we would prefer to install a 500MW PV solar farm that requires 2,000 acres as the economies of scale are far superior and better for HECO and the Hawaiian people.

Describe how proposed land use request will have direct or significant indirect benefit to the Trust and/or its Beneficiaries (Applicants & Lessees): We earn a feed-in tariff from HECO, but in return, we propose to transfer full ownership of the facility to HECO at the end of the lease for \$1. We are already in discussions with HECO.

Please Note: We are in the process of incorporating in Hawaii.
