~~This project will create a model of economic viability for production of oil crops on DHHL lands. These crops will create renewable energy (biodiesel), high protein meal for food and animal feed, and a variety of co-products including fiber, and bio-based chemicals. Success during the first 3 years of the project will allow DHHL to bring additional lands on all islands into production.~~

The following authorized representative submits this request for use of Hawaiian home lands under non-homesteading purposes and acknowledges that:

1. This is an application process that will be subject to further review, evaluation and consideration by DHHL and may require additional information to be submitted;
2. This request does not constitute any form of DHHL approval to this non-homesteading land use request as submitted;
3. In the best interest of the trust, DHHL reserves the right to exercise its prudent authority pursuant to and in accordance with the Hawaiian Homes Commission Act (Section III, Section 204(a)(2), Section 220.5, Section 207(c), Hawaii Revised Statutes, Chapter 171, as amended and the Hawaii Administrative Rules, Title 10;
4. Once the application is deemed complete, the non-homesteading land use request will be posted for a 30 day review period on the DHHL website for beneficiary and public comment;
5. Additional Island or Regional Specific Beneficiary Consultation will be required per the DHHL Beneficiary Consultation Policy;
6. All input/comments received will be provided to the Hawaiian Homes Commission if/when approval for disposition is considered by the HHC;
7. Associated non-refundable processing and documentation fees shall be assessed for each respective disposition request as follows:
