/S/

Jobie M. K. Masagatani, Chairman
Hawaiian Homes Commission

AN EQUAL OPPORTUNITY EMPLOYER

HHL ENGINEER V

MINIMUM QUALIFICATION REQUIREMENTS:

Education:

- A. Baccalaureate degree from a school of engineering in an accredited university.
- B. Administrative, professional or technical experience involving the application and knowledge of the fundamental physical and mathematical sciences underlying professional engineering including physics, chemistry, mathematics through integral calculus and engineering sciences such as statics, dynamics, strength of material, thermodynamics, fluid mechanics and engineering drawing and other specialized courses to one of the branches of engineering. Such experience must be substantially equivalent to the knowledge and understanding gained by completion of a college training leading to a bachelor's degree in engineering, or
- C. A combination of college training in engineering and experience mentioned in B. above substantively equivalent to completion of a college training leading to a bachelor's degree in engineering.

Engineering Experience:

Four years of progressively responsible professional engineering work experience which required the knowledge and application of the basic physical and mathematical sciences and the engineering sciences to the solution of theoretical or practical engineering problems. The applicant's record of professional engineering work experience and education must show that the applicant has the ability to perform efficiently the duties of the Engineer III position.

Supervisory or Staff Advisory Experience:

- A. Supervisory Experience: Professional engineering experience which included training subordinates, coordinating and assigning workloads, evaluating performance, assisting in difficult and problem areas and maintaining high standards of work and timely accomplishment of work objectives. (For the Engineer V level, supervisory potential may be accepted).
- B. Staff Advisory Experience: Professional engineering experience as technical expert in a Specialized area or program function performing staff advisory, consultative and/or reviewing the work of a staff of specialist(s) assigned to such activities as long-range planning, research and/or development of specific projects, programs, etc.

Substitutions Allowed:

- 1. A Master's degree in a pertinent engineering field from a school of engineering in an accredited university may be substituted for one year of Engineering Experience.
- 2. Excess Supervisory or Staff Advisory Experience of the type and quality described above may be substituted for Engineering Experience on a year-for-year basis.

Licenses:

- 1. For the Engineer IV and higher levels, applicants must possess a valid license as a Professional Engineer in the State of Hawaii.
- 2. Valid driver's license to operate a motor vehicle in the State of Hawaii.
