June 30, 2011

The Honorable Neil Abercrombie  
Governor, State of Hawai'i  
State Capitol  
415 South Beretania Street  
Honolulu, Hawai'i 96813

Aloha e Governor Abercrombie,

On behalf of the Hawaiian Homes Commission and the staff of the Department of Hawaiian Home Lands, I am pleased to submit the Department of Hawaiian Home Lands 2010 Annual Report covering the period from July 1, 2009 to June 30, 2010.

This annual report details the period of time just prior to my appointment as Chairman. It sets the building blocks upon which we will move the department forward to fulfill Prince Jonah Kūhiō Kalaniana'ole's vision through the Hawaiian Homes Commission Act. 'O ke kahua ma mua, ma hope ke kūkulu -- first the foundation, then the building.

The Department of Hawaiian Home Lands is a trust for the benefit of the native Hawaiian people looking to return to their ancestral lands. We must clearly understand the needs of our beneficiaries in order to provide them with viable homesteading opportunities. By developing diverse opportunities, beyond single-family homes, and through programs such as our successful Home Ownership Assistance Program, we will provide greater access for beneficiaries to attain and maintain their homesteads. The department is committed to creating vibrant communities.

As chairman, I am eager to move forward, build partnerships and work to be a true servant to beneficiaries of this trust. Mahalo to you and the members of the Hawaii State Legislature for your continued support of Native Hawaiians.

Me ka ha'aha'a,

Albert "Alapaki" Nahale-a, Chairman  
Hawaiian Homes Commission

# Office of the Chairman

The Office of the Chairman manages the daily operations of the Department, sets directions, and provides leadership support to all DHHL offices and divisions. Additionally, the office is responsible for supporting the Hawaiian Homes Commission.

The Director of the Department of Hawaiian Home Lands also holds the title of Chairman of the Hawaiian Homes Commission. The Chairman has full charge of and responsibility for the administration and execution of all actions approved by the Commission. All orders and actions of the Commission are authenticated or signed by the Chairman or the deputy. The Chairman also signs all licenses, leases, loan contracts, contracts with other governmental agencies, and Commission resolutions.

In FY2010, the Department of Hawaiian Home Lands (DHHL) continued its focus on its five year Strategic Plan, which was readopted by the Hawaiian Homes Commission in early FY 2008. All divisions within DHHL profile its operations around one or more of the five goals of the Strategic Plan. It serves as the guiding star to everything undertaken. It is DHHL's day-to-day management tool and a barometer to measure our progress. Most importantly, it sets the vision and future for the Hawaiian Homes Trust for generations to come.

As part of the Strategic Plan, DHHL realized the need for financial education as a key component of rehabilitating native Hawaiians. In 2008 an additional goal was added to the Strategic Plan. This goal was to provide beneficiaries with the necessary tools for long term home ownership through the Home Ownership Assistance Program (HOAP). This program has become a central part of DHHL's commitment to native Hawaiians. Through this program, DHHL not only builds homes, it also builds homeowners.

Beyond building affordable homes and homeowners, DHHL began building homes that are affordable to live in. Building homes with solar water heating, energy-efficient lighting and appliances, and low flow water fixtures all lead to a cleaner, more sustainable and affordable lifestyle.

The Hawaiian Homes Commission, in January 2009, adopted the department's Energy Policy, Ho'omalūō, to enable native Hawaiians and the broader community working together to lead Hawai'i's effort to achieve energy self-sufficiency and sustainability.

DHHL continues to make tremendous progress as a Department, and it is positioned organizationally and strategically as a major contributor to the overall well being of the state of Hawai'i and to the native Hawaiian people. Because of the foundation that has been set, DHHL continues to fulfill its commitments to make life better not only for the native Hawaiians, but all the people of Hawai'i.

## NATIVE AMERICAN HOUSING ASSISTANCE AND SELF-DETERMINATION ACT

The Native American Housing Assistance and Self-Determination Act (NAHASDA) was passed in 1996 and transformed the way that American Indians and Alaska Natives provided affordable housing on rural Indian reservations and Alaska Native villages.

The act opened the door for increased partnerships with financial institutions and most importantly, enabled the federal policy of self-determination to be extended Native American populations across the nation.

In 2000, Congress amended NAHASDA by adding Title VIII, which provides similar funding for Native Hawaiian families whose total household income is at or below 80 percent of the established area median income levels for their respective counties and that are eligible to reside on Hawaiian home lands. The Department of Hawaiian Home Lands is the designated recipient for

the Native Hawaiian Housing Block Grant (NHHBG) as administered by the U.S. Department of Housing and Urban Development's (HUD) Office of Native American Programs (ONAP). This Congressional amendment is the first time in the history of the Hawaiian Homes Commission Act of 1920, as amended, that the federal government has provided any significant level of financial investment into the Hawaiian home lands program for affordable housing activities.

Each year, DHHL submits a Native Hawaiian Housing Plan (NHHP) to HUD for review and approval. As of June 30, 2010, DHHL received funding awards for eight (8) NHHPs as follows:

Program Year (PY)	NHHP	Amount Awarded	Status
PY1	2002	\$9,600,000.00	Closed 6/30/06
PY2	2003	\$9,537,600.00	Closed 3/31/08
PY3	2004	\$9,443,950.00	Closed 8/31/08
PY4	2005	\$8,432,000.00	Closed 4/30/09
PY5	2006	\$8,377,770.00	Closed 5/31/10
PY6	2007	\$8,377,770.00	Open
PY7	2008	\$8,700,000.00	Open
PY7	2008 ARRA Amendment	\$10,200,000.00	Open
PY8	2009	\$9,700,789.00	Open
		<b>\$82,369,879.00</b>	<b>Total</b>

Pursuant to the American Recovery and Reinvestment Act (ARRA), \$510,000,000 in ARRA funds were made available under Title I of NAHASDA. Of this amount, 2% (\$10,200,000) was made available for the “housing entity eligible to receive funding under Title VIII of NAHASDA”, which is DHHL.

The \$10,200,000.00 in ARRA funds was made available to DHHL in accordance with the 2008 NHHP on May 7, 2009 (last fiscal year). The type of activities identified for ARRA project use in the 2008 NHHP, as amended, were infrastructure development and house construction, in accordance with the ARRA legislation. Likewise, in selecting projects to be funded, DHHL gave priority to projects that could be contracted within 180 days from the date the funds were made available and to projects that would spur construction and create employment opportunities. The following activities were proposed by DHHL and approved by HUD

- Kaupuni Village – Infrastructure Development – Site Improvements for 19 lots
- Kaupuni Village – House Construction – Construction of 8 homes
- East Kapolei II B & C – Infrastructure Development – Site Improvements for 47 lots

It should be noted that the actual number of Kaupuni homes constructed with ARRA funds will be based on the pro-rated amount of NHHBG funds vs. ARRA funds that are used for their construction.

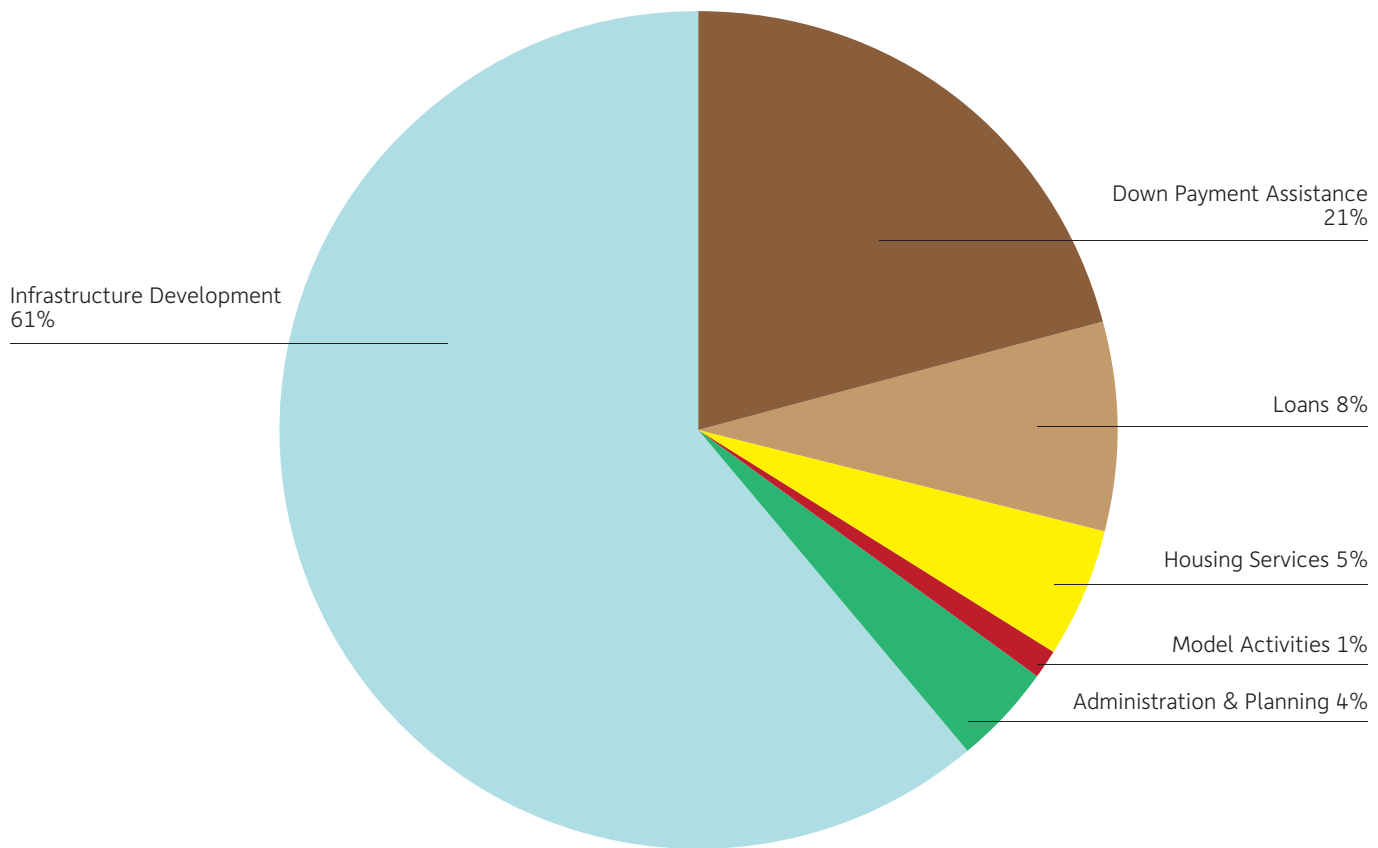

During the 2010 fiscal year (ending June 30, 2010), DHHL met the deadline to obligate 100% of the ARRA funds awarded by May 6, 2010. DHHL is currently on target to expend

50% and 100% of the ARRA funds by May 6, 2011 and May 6, 2012, respectively, as required by ARRA. In addition, the 2009 NHHP was approved by HUD and DHHL received \$9,700,789 for its implementation.

DHHL awards a percentage of the annual NHHBG to local non-profit or community organizations to assist with the goals and objectives set forth in the NHHP through the NAHASDA Community Grant Program. During the 2010 fiscal year, DHHL approved community grant awards totaling \$1,064,917.00.

Throughout FY 2010, DHHL obligated \$5,404,982.45 and expended \$8,134,353.85 for the implementation of NHHBG related programs. An additional \$2,754,977.18 was expended in ARRA funds and is not reflected in the graph on the following page.

154 families benefited from NHHBG funds through infrastructure development, subsidies (down payment assistance, matched savings, etc.), loans (rehabilitation, down payment, construction, etc.), and housing services (self help home repair and resource services).

*NHHBG Funds (excluding ARRA) Expended in Fiscal Year 2010*

# HOME OWNERSHIP ASSISTANCE PROGRAM

The purpose of the Home Ownership Assistance Program (HOAP) is to prepare and equip Native Hawaiians for homeownership. HOAP offers three (3) vehicles to address barriers that Native Hawaiians may face in achieving homeownership or preserving their home: Financial Literacy Services, Job Training and Placement Services, and Social Services.

The cost of homeownership in the state of Hawai'i is not cheap. Over the past 10 years, we have seen Hawai'i house prices skyrocket. As the availability of affordable housing for Hawai'i families continues to decline, the Department has taken the lead to develop affordable homeownership for its beneficiaries.

Understanding that homeownership can make a tremendous positive difference for a native Hawaiian family, DHHL is changing its approach to homeownership through HOAP. HOAP helps existing homeowners retain their property should a financial crisis impact their lives. Since the program began in 2004, 7,127 participants have enrolled in 412 homebuyer education courses statewide and more than 6,200 families are working with a counselor.

The Act abolished a total of 3 Special Funded positions; 2 positions from HHL 602 program and 1 position from HHL 625 program.

# Fiscal Office

The Fiscal Office is responsible for providing financial information, accounting services, and establishing internal financial control policies and procedures for the Department.

In order to evaluate the Department's past performance, reporting on current performance, and planning for the future, this division provides DHHL's management with various financial reports, as well as information on financial trends and developments

The Fiscal Office also furnishes valid, reliable, properly classified financial data to: a) the State of Hawai'i–Department of Accounting and General Services (DAGS) for incorporation in the State of Hawai'i Comprehensive Annual Financial Report (CAFR); and b) DHHL's independent auditors for preparation of the Department's annual audited financial statements and independent auditors' report.

In 2010 the Fiscal Office received and processed receipts from various sources including, DHHL's water systems, principal and interest on loans, non-homestead income producing leases (i.e., general leases, revocable permits and licenses), sale of homes, and federal grants.

The Fiscal Office plays a vital role in establishing and maintaining internal controls to ensure the data in the financial statements and reports are reliable, safeguarding the trust's assets, promoting operational efficiency and ensuring the Department's operations are in compliance with DHHL's policies, goals and objectives as well as laws, rules and regulations that govern DHHL.

The Fiscal Office maintains the Department's accounting records and prepares the Department's financial reports which conform to generally accepted government accounting standards.

The Department of Hawaiian Home Lands has passed its independent financial audit each year with an "unqualified audit opinion" which demonstrates that the Department has effective controls over the accounting of its revenues, expenditures, disbursements, assets and liabilities.

The Department's FY 2010 Financial Statements is presented on pages 49–57 of this year's report.

# Planning Office

The Planning Office has three major areas of focus: DHHL Planning System, Community Development, and Beneficiary Consultation.

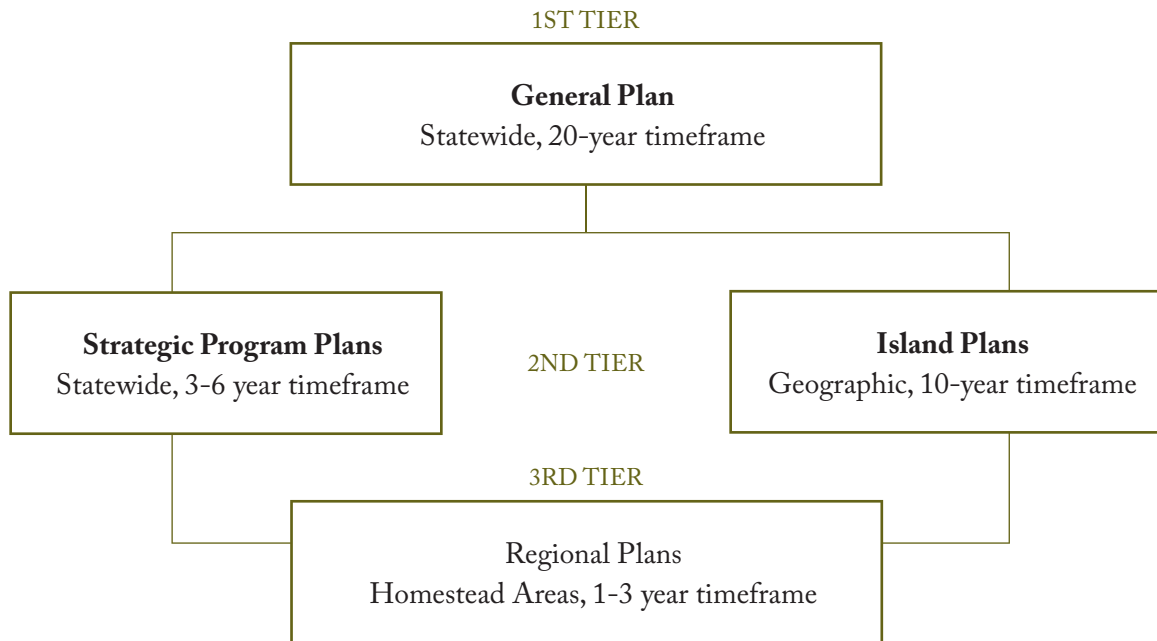

DHHL PLANNING SYSTEM functions as a 3 tier system

**TIER 1 | IDENTIFIES LONG-TERM GOALS, VISION, AND PRIORITIES.**

**TIER 2 | FOCUSES ON POLICIES AND PRIORITIES OF SPECIFIC PLANS.**

**TIER 3 | ISSUES AND OPPORTUNITIES RELATIVE TO HOMESTEAD COMMUNITIES.**

# DHHL PLANNING SYSTEM

## TIER 1

The GENERAL PLAN provides comprehensive policy directions for a 20 year period.

---

## TIER 2 – DHHL STRATEGIC PLAN

*Provides specific objectives and work tasks for the near-term 3–5 year period (2009)*

**Island Plans** asserts the Commission’s authority to designate land uses for Hawaiian home lands statewide through a comprehensive community planning process. Island Plans are used to coordinate DHHL with State and County population and employment projections, land use and development proposals, infrastructure system planning, and environmental and cultural resource reviews. The State Commission on Water Resource Management uses the Island Plan for its State Water Projects and Water Use and Development Plans to define water reservations and water use permits.

**Program Plans** set objectives, implementing activities, and budget timelines for Program areas. Approved for Agriculture, Housing (annual), and Native Hawaiian Development (biennial).

---

## TIER 3 – REGIONAL PLANS

Regional Plans provide the means to solidify visions and partnerships that are essential to effectively manage Hawaiian Home Lands for the betterment of native Hawaiian Beneficiaries.

The regional plans are developed by Beneficiary Consultation in conjunction with lessees of the region as well as regional stakeholders (landowners, agencies, other organizations) by identifying issues and opportunities, developing solutions in the form of potential projects, and then determining the top priority projects for the region. The approval of regional plans by the Hawaiian Homes Commission aligns Departmental support for homestead community priorities.

There are 20 regional plans in development statewide. The Hawaiian Homes Commission approved the following regional plans in FY2010:

# Land Management Division

The Land Management Division (LMD) is responsible for the management of all DHHL non-homestead assets.

These lands comprise the bulk of Hawaiian home land inventory (approximately 80%) and include those utilized for agricultural production, pastoral purposes, and commercial and industrial use. Through its various land dispositions, LMD generates revenue to support homestead development projects. LMD consists of three separate but interrelated branches:

- 1 | LAND MANAGEMENT,
- 2 | INCOME PROPERTY AND
- 3 | TECHNICAL SERVICES BRANCHES.

The Land Management Branch (LMB) is responsible for the management of all lands unencumbered by homestead use. LMB also provides support to DHHL's Land Development Division (LDD) by issuing permits and licenses, such as Right of Entry and License Easements to the various state and county agencies which require access and use of Hawaiian home lands for infrastructure and utilities purposes.

The Income Property Branch (IPB) is specifically tasked with generating revenue from the development and long term leasing of DHHL assets not slated for residential use. The income generated and the services provided by IPB are integral components of DHHL's goals toward self-sufficiency and community building.

The Technical Services Branch (TSB) manages the land inventory of Hawaiian home lands prior to homestead disposition. Its responsibilities include database management of all non-homestead assets. TSB also oversees the appraisal process for the rental, acquisition,

exchange, licensing and general leasing of DHHL's non-homestead properties. Third party appraisers are hired for the valuation of LMD assets to ensure that the trust is fairly compensated for its dispositions.

In conjunction with the State of Hawaii, Department of the Attorney General, LMD continues to actively pursue illegal activities such as trespassing, squatting and dumping, off-road driving, hunting without a permit and rock and cinder removal on DHHL's unencumbered lands.

Facing the State's challenging economic times and the forecasted negative growth outlook for the next two fiscal years, LMD has made it a high priority to find creative and effective ways to maintain its current revenue stream.

LMD has reviewed its portfolio and identified the potentially high value properties which are readily available for marketing. These parcels have been prioritized to seek the most feasible

and greatest revenue generating opportunities possible, despite the current economic climate. Towards achieving this goal, LMD has focused on the quality of its tenants in an effort to secure financially stable long term business partners with a proven track record for success.

LMD is also being proactive in its approach to not only maintain, but to increase revenues for the trust. One of the innovative ways in which LMD believes that it can achieve this is through clean-energy. In supporting the State's clean-energy initiatives, LMD has enhanced its economic opportunities by identifying its lands throughout the state that have the potential for renewable energy projects such as garbage to energy, solar or wind farms. It is LMD's goal in this endeavor to continue to work towards financial self-sufficiency, as well as be a leader in green energy sustainability in the state.

## Significant Events

The Hawaiian Homes Commission (HHC) approved a renewable energy project on Hawaiian home lands in Kalaeloa. LMD is expected to execute a general lease with is currently in negotiations with Kalaeloa Solar One. LLC., a wholly-owned subsidiary of Sopogy, Inc., for use of approximately 35 acres of land for a concentrated solar project, which is expected to produce approximately 4.5 mega watts (MW) of electrical power that can be sold to Hawaiian Electric Company, Inc.

The Hawaiian Homes Commission (HHC) approved a renewable energy project on Hawaiian home lands in Kalaeloa. Lease negotiation is on-going with AES Solar Power, LLC, to use approximately 29 acres of lands for a ground-mounted solar PV project, which is also projected to produce approximately 4-5 mega watts (MW) of electrical power that can be sold to Hawaiian Electric, Inc.

---

LMD has been working with the Hawaiian home lands communities that had been qualified and certified under the Kūlia I Ka Nu'u program, such as Laiopua 2020 and Kapolei Community Development Corp., to provide them with long term general leases for their community projects and commercial projects.

---

LMD continues to support the Land Development Division by issuing construction Right-of-Entry Permits and License Easements for utilities to various agencies of the County of Maui for the Kēōkea, Waiohuli, Leiali'i, and Wai'ehu Kou subdivision developments.

---

LMD continues to support the Kahikinui Road Improvement project with an annual budget of \$100,000 to provide residents of this remote homestead community located on the south east slopes of Haleakala, with better access to their lots.

---

LMD continues to support the Land Development Division by maintaining previously issued license easements to various county and private agencies for the installation, operation and maintenance of utilities within Lana'i island's only homestead subdivision.

# Future Income Generating Commercial/ Industrial Projects

IPB continues to employ creative means to aggressively market Hawaiian home lands for income generating activities to assist the department in replacing the \$30 million per year provided by Act 14. IPB provides national exposure to development on Hawaiian home lands by traveling to the mainland and attending the NAIOP annual conference and the International Council of Shopping Centers in Las Vegas. In the coming fiscal year, IPB will attempt to secure additional ground leases throughout the state.

## SANDWICH ISLES COMMUNICATIONS, INC. ACCOMPLISHMENTS

Sandwich Isles Communications, Inc. (SIC) continues to work closely with DHHL's LMD and LDD in the planning, design and construction of its residential developments and commercial projects statewide. SIC is responsible for the cost of design and construction of all telecommunications infrastructure which service new projects on Hawaiian home lands. This includes installation of underground ducts, handholes and manholes, underground cabling and miscellaneous telephone equipment. SIC is committed to providing DHHL with the highest quality of service and therefore is the first service provider in the state to install fiber optic cabling to each residential home.

In 2009, SIC completed its inter-island fiber optic cabling linking the islands of Kaua'i, O'ahu, Moloka'i, Maui and Hawai'i. The project is operational and included over 348 miles of fiber optic cable installation on land and in the ocean, along with three new terminal buildings at Kekaha, Kaua'i, Pu'unene, Maui and Pu'ukapu, Hawai'i. The buildings house SIC's fiber optic terminals allowing them to light their fiber optic cable between islands. SIC is now working on upgrading and replacement of copper wiring with fiber optic cable to the residential lots not serviced with fiber optic cables.

SIC now services over 2,000 customers on Hawaiian home lands.

# Homestead Services Division

The Homestead Services Division (HSD) is involved in the direct servicing of homestead lessees and applicants for homestead leases. Its four branches are as follows:

- 1 | HOMESTEAD APPLICATIONS BRANCH
- 2 | HOUSING PROJECT BRANCH
- 3 | LOAN SERVICES BRANCH
- 4 | DISTRICT OPERATIONS BRANCH

## HOMESTEAD APPLICATIONS BRANCH

The Applications Branch is responsible for ensuring that applicants meet the blood quantum requirement of the 1920 Hawaiian Homes Commission Act, as amended. The branch is also charged with the maintenance of applicant records and includes all transactions involving applications such as processing new applications, transfer requests, reinstatements, rescissions and successorships to application rights.

As of June 30, 2010, the Department of Hawaiian Home Lands (DHHL) waiting lists reflect a total of 41,087 applications for all residential, agricultural, and pastoral homesteads, which represents an increase of 1,003 applications on file as compared to the previous fiscal year. The amount of applications and the number of applicants differ because the rules allow applicants to hold two applications, one for a residential lease and the other for either an agricultural lease or a pastoral lease.

During fiscal year 2010, the Application Branch processed 2,004 applicant transactions (which includes new applicants and applicant transfers) requiring Hawaiian Homes Commission (HHC) action.

\* The 41,087 applications are held by 25,564 applicants.

# HOUSING PROJECT BRANCH

The Housing Projects Branch is DHHL's "marketing arm" for homestead leases and awards. In collaboration with the Land Development Division, it processes applicants from the DHHL waiting lists through financial qualification, contractor and house design selection, lot selection and lease execution. With departmental priorities centered on residential lease awards, the work efforts of the Housing Projects Branch has expanded tremendously prompting strategic involvement and coordination of lenders, realtors, home buyer counseling and housing contractors.

During FY 2010, the Housing Projects Branch has facilitated 117 new residential awards and processed 132 lease amendments, as a result of 132 Undivided Interest lessees being able to qualify for a loan to purchase or build their own home. To achieve this, staff sent out approximately 30,910 offering letters to market 227 residential units within 16 projects statewide. Upon indicating interest, staff arranged for approximately 2,189 interested applicants to work with various lenders to financially qualify for a home. A series of orientations and workshops helped to individualize the efforts.

# LOAN SERVICES BRANCH

The Loan Services Branch administers the department's loan origination, loan servicing and loan collection programs. DHHL is authorized by the Hawaiian Homes Commission Act of 1920 to provide loan funds to native Hawaiian beneficiaries and issues guarantees through Memorandums of Understanding (MOU) for loans made by alternative lending sources for the replacement, construction and repair of homes and payment of real property taxes.

The Direct Loan Program run by the Loan Services Branch is a revolving loan fund. The branch works to collect funds in a timely manner so those moneys can be used again for more loans, helping more native Hawaiians.

Improving the department's loan collection makes efficient use of funds and insures the maximum numbers of beneficiaries are being helped. Working with loan delinquencies, the branch also refinances loans and offers financial counseling to help keep lessees on their property.

In fiscal year 2010, the Loan Services Branch issued 43 direct loans, totaling some \$4.6 million. The Loan Services Branch continues to place an emphasis on the collections of delinquent DHHL direct loans to replenish the revolving loan funds. The revolving funds are made available for new loans to homestead lessees for home purchases, home construction, repairs, sewer connections and real property taxes. When loans are not repaid, it reduces the amount of funds available to other native Hawaiians.

In addition, the 2005 Legislature passed and the Governor signed into law Act 53, which amended section 208 (5) of the Hawaiian Homes Commission Act of 1920, as amended, to authorize lessees to enter into loans insured by private mortgage insurance acceptable to the Commission. Since August of 2005, four (4) local lenders, American Savings Bank (ASB), Bank of Hawai'i (BOH), Hawai'i National Bank (HNB) and Central Pacific Bank (CPB) have launched programs to provide financing to lessees. In fiscal year 2010, these four lenders funded 30 loans totaling \$6.2 million. The continued drop in loans from the previous year can be mainly attributed to the tightening of underwriting policies by the lenders' insurance partner, Mortgage Guaranty Insurance Corporation (MGIC).

Lastly, in fiscal year 2008, the HUD 184A loan program was launched. The program enables the lessees and the lenders another option for financing. In the HUD 184A loan program, HUD guarantees the lenders' loans on DHHL leased land. Also, the guaranty fee paid by the lessee is less than the insurance premium the lessee would pay for a similar FHA 247 mortgage loan. There were 130 loans for \$34 million processed through the HUD 184A loan program during the 2010 fiscal year. The HUD 184A program has proven to be a very popular product for our lessees due to lower closing costs as compared to the other mortgage loan products.

# DISTRICT OPERATIONS BRANCH

The District Operations Branch is comprised of six district offices located on O‘ahu, Kaua‘i, Moloka‘i, Maui and in East and West Hawai‘i. These offices provide frontline support and services to the homestead lessees, applicants and homestead community associations by managing homestead areas and by assisting in various departmental projects in their respective areas. Neighbor island district offices also provide services to all other DHHL divisions and staff offices and serves as liaison on behalf of the Chairman’s office when called upon.

Interacting with private, federal, state and county agencies, the branch provides and coordinates services for the native Hawaiian beneficiaries such as facilitating and processing lessee requests for lease closings; conveyances through successorships, transfers, or assignments;

subdivision of homestead lots; relocations; surrenders of homestead leases; authorization to pursue home improvement permits; updating lessee files and successorship designations; and compliance with the conditions of the lease.

The O‘ahu District Office, in addition to servicing O‘ahu lessee requests; manages, coordinates and finalizes the processing of all transactions and legal documents for homestead lessees including participating in contested case hearings and preparing submittals to the Hawaiian Homes Commission.

During FY 2010, the O‘ahu District Office completed 233 assignment of leases, 165 transfers through successorships, 15 exchanges of leases, 235 lease amendments, and 390 ratification for designation of successors.
