Ag, Homesteading and Land Restoration
Now...

Restoration of Hawaiian Home Lands
Results from input during:

1) 6 community consultation meetings held in Anahola in between Nov. 2011 and Jan. 2012

2) DHHL requirements shared from Feb. 2012 till today

3) 4 Hawaiian Homes Commission meetings

4) Attorney General revisions

5) Meeting with neighbor ranchers and farmers
Needs to be met:

✓ Homestead and agricultural lots - now
  - Respect the current uses for ranching, hunting and leisure, co-existence
  - Need of homestead and ag lots – waiting list

✓ Access - guaranteed
  - To DLNR forest reserve
  - For hunting, gathering, leisure

✓ Local involvement – now and on the long term
  - Jobs and contracting opportunities
  - Inclusion of local and cultural points of view in decision making

✓ Feasibility – a long term financially sound project
  - Need of minimum 850 arable acres for biomass plantations
  - Term in alignment with PPA
Location and current use of the lands:
Who is Green Energy?

✓ A Kaua‘i based renewable energy firm
✓ Having a 20 year Power Purchase Agreement with KIUC
✓ Currently building a biomass to energy facility in the Koloa district fueled with green waste (wood chips)
Lease components:

- Fair market rent plus clearing of Albizia and road improvement
- 23% of the arable land for homesteading and ag immediately
- Lease parallel with KIUC PPA: 20 years + 10 year option
- Homestead Benefit Agreement to address Anahola community needs identified in beneficiary consultations
Homestead Benefits Agreement:

✓ Homestead and ag lots
  ▪ 23% or 267 acres will be cleared and returned to DHHL
  ▪ To allocate to homesteaders and farmers

✓ Access
  ▪ For hunting and leisure
  ▪ With community picnic area

✓ Employment and contracting opportunities
  ▪ Employment cell in Anahola
  ▪ Publication of contracting opportunities in Anahola

✓ Local involvement
  ▪ Through advisory committee
  ▪ Through participation in school curriculum
Summary:

Let’s:
✓ Clear the Albizia infested lands
✓ Homesteading on the best lands
✓ Employ Kauaians on Kaua‘i
✓ Produce food
✓ Enjoy the lands for hunting, picnicking and community benefits, while being
✓ Good stewards with school curriculum enhancement etc.
