Dear Kahikinui Beneficiaries:

The Department of Hawaiian Home Lands is conducting a beneficiary consultation meeting on Maui for a proposed wind project in Kahikinui by NextEra Energy Resources, LLC that will generate 60 MW of power. This consultation is part of the process begun in January, 2013 when the DHHL published a solicitation in the newspapers for letters of interest/intent from potential renewable energy developers for projects on Hawaiian Home Lands in the Honokowai, Pulehunui, and Kahikinui regions.

The meeting will be held on:

**Saturday, May 23, 2015
1:00 pm to 3:00 pm
Waiohuli Community Center
881 Lauie Drive, Kula, Maui**

The intent of the meeting is to inform you about the details of the wind project and to receive your input. You will also have 30 days after the meeting to provide further comments and feedback. The feedback to DHHL will be compiled and reported to the Hawaiian Homes Commission for decision-making after that.

Details about the location of the meeting and how you can submit comments are posted on our website (dhhl.hawaii.gov). If you are interested in learning more about this project, or you have feedback for us, we encourage you to attend the meeting in Kula. Please call (808) 620-9591 with any questions.

Aloha,

Jobie M. K. Masagatani, Chairman
Hawaiian Homes Commission
