JOBIE M.K. MASAGATANI
CHAIR
HAWAIIAN HOMES COMMISSION

WILLIAM J. AILA, JR.
DEPUTY TO THE CHAIR

January 1, 2017

The Honorable David Y. Ige
Governor, State of Hawaii
415 South Beretania Street
Honolulu, Hawaii 96813

Aloha e Governor Ige:

On behalf of the Hawaiian Homes Commission and the staff of the Department of Hawaiian Home Lands, I am pleased to submit the 2016 Annual report covering the period of July 1, 2015 to June 30, 2016.

As stewards of the Hawaiian home lands, the Department of Hawaiian Home Lands (DHHL) remains focused on the core mission of returning native Hawaiians to the land, as envisioned by our founder Prince Jonah Kūhiō Kalanianaʻole.

In light of the Nelson v. Hawaiian Homes Commission ruling, the DHHL worked closely with Governor Ige's Administration and the Hawai'i State Legislature to address the long-standing issue of underfunding departmental administrative and operational expenses. State funding resources were also supplemented with federal funds. The DHHL received this funding via the U.S. Department of Housing and Urban Development's Native American Housing Assistance and Self-Determination Act (NAHASDA) and used it to finance affordable housing projects and infrastructure construction for over 300 residential lots on Hawai'i Island, Maui, and O'ahu.

Other notable accomplishments this fiscal year included delivering nearly 100 affordable housing opportunities on Hawaiian home lands statewide through public-private partnerships with self-help housing organizations, local community college students, and private developers. Through partnerships with organizations such as Habitat for Humanity, Mustard Seed Miracle, and Hawai'i Community College, the department was able to produce 25 self-help housing opportunities on Hawai'i, Kaua'i, Moloka'i and O'ahu.

Another milestone reached by the department in FY 2016 was the culmination of its first rent-with-option to purchase project, producing its first homeowners. In 2001, the DHHL partnered with Mark Development to develop and manage the Kapolei Ho'olimalima Pilot project. This project utilizes federal low income housing tax credits to produce single-family rental units for lower income families, who were given the option to purchase the units at extremely affordable prices. The department saw the first of 70 families in the Malu'oahi homestead community of Kapolei sign their leases and achieve their dream of becoming a homeowner during this year.

FY 2016 also saw the completion of Phase 1 Ka Makana Ali'i, West O'ahu's newest shopping center on a 67-acre site directly across DHHL's Kapolei headquarters. Once construction of Phase 2 is fully completed, Ka Makana Ali'i is expected to generate substantial ground lease revenue over the next 65 years for DHHL's programs including new homestead development and other activities that support DHHL's native Hawaiian beneficiaries'.

Mahalo to you and the members of the Hawai'i State Legislature for your continued support of DHHL and the work we do to assist native Hawaiians.

Aloha,

Jobie M.K. Masagatani, Chair
Hawaiian Homes Commission

Hawaiian Home Lands

HAWAIIAN HOME LANDS

HAWAIIAN HOMES COMMISSION · DEPARTMENT OF HAWAIIAN HOME LANDS

HAWAIIAN HOMES COMMISSION

Created by the U.S. Congress by the Hawaiian Homes Commission Act of 1920, assimilated by the State of Hawai'i in 1959 as part of the Statehood Act, the Hawaiian Homes Commission exists to administer the Act and the 200,000 acres of land set aside for native Hawaiians.

The Commission consists of nine commissioners, including the Chair, who also serves as the Director of the state agency known as the Department of Hawaiian Home Lands.

Hawaiian Homes Commission

The commission shall be composed of nine members, as follows: three shall be residents of the city and county of Honolulu; two shall be residents of the county of Hawai'i one of whom shall be a resident of east Hawai'i and the other a resident of west Hawai'i; two shall be residents of the county of Maui one of whom shall be a resident from the island of Moloka'i; one shall be a resident of the county of Kaua'i; and the ninth member shall be the chairman of the Hawaiian homes commission. All members shall have been residents of the State at least three years prior to their appointment and at least four of the members shall be descendants of not less than one-fourth part of the blood of the races inhabiting the Hawaiian Islands previous to 1778.

– *Hawaiian Homes Commission Act, 1920*

Jobie M.K. Masagatani

Chair – Term: 2014-2018

Jobie Masagatani previously worked at the Office of Hawaiian Affairs as special assistant to the CEO. Prior to OHA, was an assistant to the President and CEO of The Queen's Health Systems. She served as DHHL Deputy from 1995-2002, and served as a Land Investment Analyst for Kamehameha Schools. Masagatani has a Master's in public affairs/urban and regional planning from Princeton University, and a BS in education from Northwestern University. She is a graduate of Kamehameha Schools.

Wren Wescoatt III

O'ahu – Term: 2015-2019

Born and raised in Waimānalo, Commissioner Tassill currently resides in the Kupuna Hale in Waimānalo and is a member of the Waimānalo Hawaiian Homestead Association. Commissioner Tassill's career includes being the founder of the Hale O Ho'oponopono Middle and High School alternative school for at-risk youth, and serving for nearly two decades as a State Capitol tour guide.

William Kāhele Richardson

O'ahu – Term: 2014-2018

Commissioner Richardson, a Honolulu attorney and entrepreneur, brings years of legal experience and business acumen to the Hawaiian Homes Commission.

David B. Ka'apu

West Hawai'i – Term: 2014-2017

Commissioner Ka'apu is a practicing attorney at law in Kailua-Kona with emphasis in quiet title, business law, wills and trusts, general litigation and land use. He graduated from the University of Hawai'i with a B.A. in anthropology (Hawaiian archaeology) and received his J.D. from Santa Clara University in 1988. .

Gene Ross Davis

Moloka'i – Term: 2012-2016

A former State of Hawai'i Livestock Inspector and a self-employed livestock inspection contractor on Moloka'i, Commissioner Ross Davis' duties include assisting Veterinary Services with annual TB testing of Moloka'i cattle ranches, quarterly inspection and reporting on conditions of swine facilities, and issuing livestock movement permits.

Doreen Nāpua Canto

Maui – Term: 2013-2015

Commissioner Canto, a resident of Kula, was appointed by Gov. Neil Abercrombie in December 2013. Employed by Palekana Permits since 2009, Canto was previously a Health Unit Assistant at Kula Hospital. She is president-elect of the Maui Native Hawaiian Chamber of Commerce, serves as preside of the Kula Community Association, and is a member of the 'Ahahui Ka'āhumanu Society.

Kathleen Puamae'ole Chin

Kaua'i – Term: 2014-2017

Commissioner Chin was appointed by Gov. Neil Abercrombie in November 2014. Commissioner Chin presently serves as Kaua'i Island Utility Cooperative (KIUC) Executive Administrator. She has served as a construction industry administrator, worked in commercial aviation and is an entrepreneur and small business owner. She is a Hawaiian Homes lessee and member of the West Kaua'i Hawaiian Homes Association.

Michael Kahikina

O'ahu – Term: 2011-2015

Commissioner Kahikina is the executive director of Kahikolu 'Ohana Hale 'O Wai'anae and a former state representative representing the Leeward Coast. He has been active in the homestead community, sitting on the Executive Board of the Nānākuli Hawaiian Homestead Community Association and working with the Sovereign Councils of the Hawaiian Homelands Assembly.

Wallace A. Ishibashi, Jr.

East Hawai'i – Term: 2013-2017

Commissioner Ishibashi is a retired full-time officer of ILWU Local 142, and draws from a range of experience that includes his current position as UH-Hilo's cultural monitor for the Office of Mauna Kea Management as well as time as business agent, contract and benefits negotiator, workers compensation specialist, and youth basketball and baseball coach.

HAWAIIAN HOME LANDS

HAWAIIAN HOMES COMMISSION • DEPARTMENT OF HAWAIIAN HOME LANDS

OFFICE OF THE CHAIR

The Office of the Chair manages the daily operations of the Department, sets directions, and provides leadership support to all DHHL offices and divisions.

Additionally, the office is responsible for supporting the Hawaiian Homes Commission.

Administrators

Jobie M.K. Masagatani

Director

The Director of the Department of Hawaiian Home Lands also holds the title of Chair of the Hawaiian Homes Commission. The Chair has full charge of and responsibility for the administration and execution of all actions approved by the Commission. All orders and actions of the Commission are authenticated or signed by the Chair or the Deputy. The Chair also signs all licenses, leases, loan contracts, contracts with other governmental agencies, and the Commission resolutions.

Jobie M. K. Masagatani was re-appointed by Governor David Ige in December 2014, after finishing her term under Governor Abercrombie, which began in May 2012. She previously served as DHHL Deputy Director from 1995 to 2002. Jobie's career has focused on serving Native Hawaiian communities through her work at the Office of Hawaiian Affairs, The Queen's Health Systems, Kamehameha Schools, and her own private consulting firm.

William Ailā, Jr.

Deputy to the Director

William Ailā Jr. was appointed by Governor David Ige in December 2014. As former chair of the Board of Land and Natural Resources (BLNR) and head of the Department of Land and Natural Resources (DLNR), Deputy Ailā directed the agency's activities including the management of public lands; forest, fish and game resources of the State; and of the forest reserve, state parks, small boat harbors, and historic sites.

Derek Kimura

Executive Assistant & Chief of Staff

As Executive Assistant and Chief of Staff, Derek Kimura is responsible for the Department's day-to-day operations. He is the former President of National Mortgage and Finance Company, Branch Chief of the Hawaii Public Housing Authority and Land Management Office at the Office of Hawaiian Affairs. Derek holds a Bachelor's Degree as well as a Master's Degree in Business Administration.

Office of the Chair

The Office of the Chair manages the daily operations of the Department of Hawaiian Home Lands (DHHL), sets directions, and provides leadership support to all DHHL offices and divisions. Additionally, the office is responsible for supporting the Hawaiian Homes Commission duties and functions.

The Director of the DHHL also holds the title of Chairman of the Hawaiian Homes Commission. The Chairman has full charge of and responsibility for the administration of the Department and execution of all actions approved by the Commission. This is achieved with the assistance of an executive management team that includes the Deputy to the Chairman and the Executive Assistant.

In addition to the Executive Management Team, the Office of the Chair includes staff that develop administrative rules, deal with trespassing and other enforcement related activities, administer the federal NAHASDA program, and assist with procurement. The Office of the Chair also takes the lead in maintaining relationships with Hawaii's Congressional delegation and other Federal departments including the U.S. Department of Interior, the U.S. Department of Housing and Urban Development, and the U.S. Department of Agriculture.

The Chair continues to guide the Department along three priority areas:

- 1) Address DHHL Waitlist Needs
- 2) Support Thriving Communities including the Management of Sensitive Natural and Cultural Resources
- 3) Ensure Fiscal Sustainability
- 4) Improve DHHL Operations

Several of the accomplishments achieved during this fiscal year within these priority areas are discussed in greater detail under the appropriate Division or Office.

Nelson v. Hawaiian Homes Commission

Fiscal year 2016 saw a historic circuit decision in the Nelson v. Hawaiian Homes Commission case, litigation related to the constitutional obligation to provide sufficient funding for DHHL's primary purposes. The Castignetti decision, issued on November 27, 2015 and amended on March 8, 2016 brought greater clarity to defining what is administrative and operating expenses and found that more than \$28 million is sufficient to cover DHHL's operating expenses for FY 2016. Although this decision is on appeal, its findings of fact and conclusions of law helped to bring greater clarity to defining what is administrative and operating expenses.

Securing state funding- This past fiscal year, the DHHL worked closely with Governor David Ige's administration and the Hawai'i State Legislature to secure historic levels of state funding to support the DHHL's mission of developing and delivering homesteading opportunities to qualified native Hawaiians.

The legislature appropriated general funds totaling \$17.1 million for fiscal year 2016 (FY 16) and \$23.5 million for FY 17 for administrative and operating (A&O) expenses, including funding for fringe benefits, the highest level of general funding ever for A&O expenses.

Securing state funding to support operations allows the department to utilize the revenues generated at the home lands to develop more homesteading opportunities directly for beneficiaries on the waitlist.

In fiscal year (FY) 2016, the Department offered homesteading opportunities to 11,415 applicants on the Hawaiian Home Lands waitlist with 318 responding. Beneficiaries of the Hawaiian Home Lands trust include over 9,000 homesteaders or lessees, and approximately 27,000 applicants. The Department's list of applicants for the Hawaiian homesteading program grows on average of 50 beneficiaries each month.

Support Thriving Communities

Supporting beneficiaries, homesteaders, and homestead leaders by building capacity for lessees to remain in their homes and on the land. DHHL staff solicited beneficiary input on Department and Hawaiian Homes Commission decisions related to the South Point Management Plan, Administrative Rules, and Native Hawaiian Development Program Plan.

HALE Program – provides foreclosure prevention/lease cancellation counseling to keep families in their homes.

Packaged Home/Rehab Homes – This year, the department extended a pilot program it developed to help finance packaged home construction on vacant lots. This program uses federal funds to cover the cost of a packaged home for Hawaiian homesteaders holding leases to vacant lots they have yet to build a home upon. Under the program, the Department finances the cost of the materials for the packaged home and the homesteader is left to cover the cost of a home construction loan.

In Keaukaha, this means roughly a \$300 monthly mortgage payment instead of a \$600 monthly mortgage payment for families earning 80 percent or less than the area median income. The program is offered to over 100 vacant lot homesteaders in the state's two oldest Hawaiian homestead communities – Kalama'ula on Moloka'i and Keaukaha on Hawai'i Island. The goal of this program is to get beneficiaries into homes as some of these awarded lots have remained undeveloped for over a decade.

In January, April and June 2016, the DHHL conducted capacity building opportunities for Hawaiian Homestead Association Leaders statewide

Protect and Enhance Endowment Performance

This infusion of state funding to cover administrative and operational expenses allows the department to redirect trust funds it receives through the leasing of its non-homesteading lands to finance homestead development and capital improvement projects on Hawaiian Home Lands. The Office of the Chair is working diligently to increase the performance of lands in its Hawaiian Home Lands Trust inventory to ensure ongoing financial support.

Approximately 80 percent of the DHHL's land inventory is utilized for non-homesteading purposes including agricultural production, pastoral purposes, and commercial and industrial use.

The Department's land in Kapolei continues to be a hotspot for commercial development with the near-completion of Ka Makana Ali'i Regional Shopping Mall constructed on Hawaiian Home Lands a little over a mile from the University of Hawai'i - West O'ahu, Kroc Community Center, and the East Kapolei Rail Transit Station.

The Office of the Chair also houses the Department's Enforcement Team, the Native American Housing Assistance and Self-Determination Act program (NAHASDA), and a wide variety of projects and programs including, but not limited to, procurement, individual claims, affordable housing programs, renewable energy proposals, inter-governmental relations, and federal grant applications.

Native American Housing Assistance and Self-Determination Act (NAHASDA)

The Native American Housing Assistance and Self-Determination Act (NAHASDA) is a federal block grant given directly to the Department of Hawaiian Home Lands (DHHL). In 2000, Congress amended NAHASDA by adding Title VIII, which provides funding to the department for eligible activities outlined in its Annual Housing Plan. Native Hawaiian families whose total household income is at or below 80 % of the established area median income and who are eligible to reside on Hawaiian Home Lands are eligible for services. As the designated recipient of the Native Hawaiian Housing Block Grant (NHHBG) administered by the U.S. Department of Housing and Urban Development's (HUD) Office of Native American Programs (ONAP), the DHHL utilized its funding to develop and promote safe, decent and affordable housing.

Each year, DHHL submits a Native Hawaiian Housing Plan (NHHP) to HUD for review and approval that outlines the projects anticipated for the program year covered by the Housing Plan. The public, including beneficiaries and other housing service providers, can review the plan in its draft form and submit comments prior to its approval by the Hawaiian Homes Commission. This final draft of the Plan is then submitted to HUD. Table on page 17 identifies the Native Hawaiian Housing Block Grant and American Recovery and Reinvestment Act (ARRA) funds received and expended, as well as unexpended funds.

The table on page 17 identifies the NHHBG and ARRA funds received and expended, as well as unexpended funds.

NHHBG Accomplishments FY 2016

Through infrastructure development (to prepare lots for future homes), down payment assistance, matched savings programs, direct loans, self-help home construction programs, and home rehabilitation programs dozens of families were assisted with or will benefit in the future from NHHBG funds.

The following is a summary of the 2016 program accomplishments under the NHHBG Program:

Construction Related Activities

- In East Kapolei, O'ahu (East Kapolei IIB) 160 lots, partially funded with NHHBG funds, were 99 percent complete. Awards of these lots are planned for 2017.
- In Kona, Hawaii (La'i 'Ōpua Village 4 Subdivision Phase 1- Akau) construction was substantially completed on 118 lots and the design of the next phase (La'i 'Ōpua Village 4 Subdivision Phase 2- Hema) was in progress.
- In Waiohuli, Kula, Maui plans to construct onsite drainage mitigation measures and other improvements for 46 new lots (for award to beneficiaries) are underway. The construction contract execution and certification was completed in FY 2016, with project completion expected by the end of FY 2017.

Homeowner Financing

NHHBG funds were used to provide homeowner financing and down payment assistance for eligible low-income families.

The Packaged Home Project program is a unique home loan program that provides NAHASDA eligible families with subsidized financing that the family utilizes to purchase a home "package" that is then built by a contractor, selected by the family, on their homestead lot. Mortgage payments in this program are less than \$500 per month. This program focused on the oldest homestead communities, (Kalama'ula, Moloka'i and Keaukaha, Hawai'i). Nine home loans were executed in the past fiscal year with several more in the pipeline.

Home Assistance Program

This program assists kupuna and other lessees in need with addressing substandard, aging housing on Hawaiian home lands. Utilizing existing partnerships with community agencies, beneficiaries were assisted with home renovations or in some cases home replacement. Priority was given to the oldest homestead communities including Kalama'ula/Ho'olehua/Kapa'akea, Moloka'i; Keaukaha/Pana'ewa, Hawai'i; Nānākuli/Wai'anae/Papakōlea/Waimānalo, O'ahu. Approximately 50 families were identified for

the program, with homes in various stages of completion. An additional 24 families have pending agreements for this program.

HALE Program

The Risk Mitigation Program serves beneficiary families statewide. This program provides education and case management services to help families become credit qualified and prepared for potential homeownership. 150 households were assisted through the Risk Mitigation Program during FY 2016.

The Loss Mitigation Program provides case management services to families facing lease cancellation (like foreclosure). This program provides a family facing lease cancellation due to loan default with dedicated services of a trained financial counselor who assists the family with strategies and options to get back on track financially. These case management services are provided at no-cost to the families for a twelve-month period. In FY 2016, 44 households were assisted through this program.

HAWAIIAN HOME LANDS

HAWAIIAN HOMES COMMISSION • DEPARTMENT OF HAWAIIAN HOME LANDS

INFORMATION AND COMMUNITY RELATIONS OFFICE

The Information and Community
Relations Office is the communications
hub for the Department of
Hawaiian Home Lands.

Information and Community Relations Office

The Information and Community Relations Office (ICRO) serves as the communications center for the Department of Hawaiian Home Lands (DHHL). The office is committed to facilitating communication between the department and its applicants/beneficiaries in the community as well as facilitating interdepartmental communications as well.

It is the goal of the department to promote applicant and beneficiary awareness, address issues, encourage participation and increase beneficiary involvement. The office recognizes its responsibility to ensure open communication and understanding of the DHHL, endeavors and accomplishments.

The primary functions of the department are:

- Applicant/Beneficiary Relations
- Media Relations
- Marketing
- Crisis Communication
- Recognition
- Business & Community Outreach
- Interdepartmental Communications

Several notable DHHL achievement that ICRO was responsible for communicating and publicizing in FY 2016 were:

- The awarding of 31 lots to Hawaiian homesteaders in the Kaka'ina subdivision of Waimānalo on the island of O'ahu.
- The construction of the very first "Mustard Seed Miracle" house for Waimānalo homesteaders in partnership with the First Presbyterian Church and the Hawaiian Homes Trust Land.
- The on-going partnership between DHHL and Habitat for Humanity which resulted in the successful rebuild of a Papakōlea families home which had become uninhabitable due to aging infrastructure.
- The success of DHHL's new Home Land's Package Home Financing Program resulting in the department's first beneficiaries to receive their home on the island of Molokai.
- In cooperation with Governor David Ige, Lieutenant Governor Shan Tsutsui and various other State agencies the department broke ground on what will become 46 homes for Hawaiian Home Lands beneficiaries in the Kēōkea-Waiohuli subdivision of Kula, Maui.
- The partnership between DHHL and Hawaii Community Colleges, Model Homes Program resulting in the completion of its first home in the Hawaiian homestead community of Keaukaha on the Island of Hawai'i.

In addition to the creation and distribution of news releases and social media postings about the above mentioned achievements ICRO also assists other divisions with their presentations, graphic designs, photography, print production, speechwriting, and other editing and writing assignments. ICRO also takes a proactive approach in working hand-in-hand with the local print, television and news media to ensure all department events receive the proper amount of public and media attention.

ICRO also takes a proactive approach in notifying it's applicants and beneficiaries about department milestones and achievements by sending out letters, invitations and emails. The DHHL website dhhl.hawaii.gov has continued to be a popular resource for information about our department, our homestead communities and our beneficiaries. Since going online in May 2011, the site has received nearly two million page views from thousands of visitors locally as well as from around the globe. Our blog has also amassed approximately 2,000 subscribers who continue to receive the latest updates to our website.

Information is constantly updated on the Home Page to include news releases and photos from current DHHL events, news on community events happening on or around our homesteads, and information of particular interest or benefit to our beneficiaries.

The site is designed and structured to drive visitors toward most-requested information. The most popular sections of the site, excluding the Home Page where the latest news items are posted, are Applications/Wait List and the Employment page.

In addition, the Department of Hawaiian Home Lands Facebook page continues to be an effective tool in ICRO's community outreach arsenal to disseminate timely and accurate information. A prime example of this was a crisis communication incident involving the potential contamination of the Ho'olehua communities water supply on the island of Moloka'i in November of 2016. Due to the limited amount of news outlets and print publications on the island the department also utilized social media to disseminate timely updates and announcements.

Over the course of the 3-day incident, department Facebook informational postings "reached" over 7,000 people. The Facebook page itself has seen a growth in the number of followers from nearly 1,200 in FY 2015 to well over 2,000 in FY 2016.

With a staff of only three people the Information and Community Relations Office remains the smallest division within DHHL. This means the three ICRO staffers are able to manage all media inquiries, assisting reporters with major stories on Hawaiian Home Lands projects appearing across major media, including television news segments on Hawai'i News Now (KHNL-NBC, KGMB-CBS, and KFVE), KITV-ABC, and Big Island Video News; and print news dailies such as the Honolulu Star-Advertiser, Hawai'i Tribune-Herald, West Hawai'i Today, Maui News, The Garden Island and the Moloka'i Dispatch.

In addition, the ICRO staff were also able to place special reports/stories that were featured in such publications as Building Industry Magazine, Pacific Business News, and the Office of Hawaiian Affairs' monthly newspaper, Ka Wai Ola.

HAWAIIAN HOME LANDS

HAWAIIAN HOMES COMMISSION · DEPARTMENT OF HAWAIIAN HOME LANDS

PLANNING OFFICE

The Planning Office provides a long-term and comprehensive perspective that supports the Hawaiian Homes Commission, the Department and beneficiaries in realizing the mission, goals, and objectives of the Hawaiian Homes Commission Act.

Planning Office

Planners have many kuleana: to communicate, facilitate, translate, coordinate, prioritize, implement, summarize, and evaluate.

Planning System

The Planning System functions in three tiers: Tier 1, the General Plan, identifies long-term goals, articulates vision, and organizes priorities for the Department of Hawaiian Home Lands (DHHL) and the Hawaiian Homes Commission (HHC). Tier 2, which includes Island Plans and Strategic Program Plans, focuses on statewide programs and policies as well as island-specific land use projections. Finally, Tier 3, which addresses Regional Plans and Area Development Plans, identifies and addresses issues and opportunities relative to existing homestead communities and their future development.

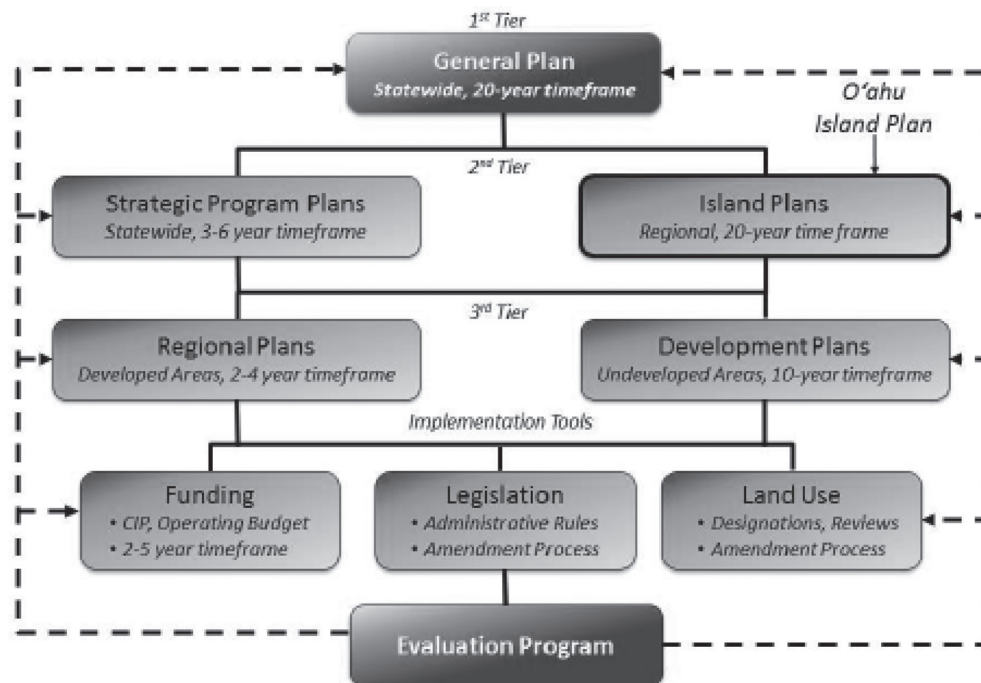

Figure 1-1 DHHL Planning System

Embedded in this area of focus, the Planning Office provides planning support data and assessments in order to enhance plans, policies, and programs and make them more efficient. The Planning Office conducts specialized research, surveys, and other planning studies in order to monitor, implement and improve the Department's overall Planning System.

General Plan – A comprehensive policy document adopted by the HHC in 2002 which ensures coordinated, integrated and orderly social, physical, and economic development of Hawaiian home lands through the establishment of goals, objectives, and implementing actions.

Strategic Program Plans – Strategic Program Plans provide specific objectives

and work tasks for the near-term 3-5 year period. The Program Plans set objectives, implementing activities and budget timelines for Program areas. The planning process for several Strategic Program Plans implemented by the Planning Office in fiscal year (FY) 2016 include:

Native Hawaiian Development Program Plan, *Statewide*. Approved July 2014, the purpose of the Native Hawaiian Development Program Plan (NHDPP) is to guide DHHL in providing services covering individual and community development for all beneficiaries served by the Hawaiian Home Lands Trust. DHHL consulted with homestead association leaders on the NHDPP in the Fall of 2015. Several activities conducted during FY 2016 to implement the NHDPP include:

Residential Technical Assistance. The DHHL HALE program conducted 21 workshops to prepare applicants seeking a homestead lease by providing comprehensive support and resources for homeownership including homebuyer education, financial literacy training, one-on-one credit counseling, and other homeownership tools. Additionally, five in-person training sessions were held on proper preventative maintenance of individual septic tank systems.

University of Hawai'i College of Tropical Agriculture and Human Resources (CTAHR) Technical Assistance Program. DHHL maintains an annual service contract which provides two full-time Cooperative Extension Service agents (CES) under the management of the University of Hawai'i (UH) to provide hands-on assistance and enable access to a vast array of agricultural services to assist homestead farmers and ranchers on Hawai'i and Moloka'i. The Hawai'i Island CES program is designed to serve 500 homestead farmers and 300 homestead ranchers. During the year, CTAHR conducted 14 workshops on Hawai'i providing agricultural and pastoral assistance to farmers and ranchers and serviced approximately 200-250 people. The Moloka'i CES program is in the recruitment phase and is designed to serve the 420 homestead farmers and 27 homestead ranchers. In addition, the Chairman appointed a homestead advisory board to help direct the CTAHR agricultural technical assistance program to insure that it meets the needs of homestead farmers and ranchers. For homesteaders on O'ahu, Maui and Kaua'i, they may access the general UH CES program on a first-come first-served basis.

Planning Office Community Association Liaison Program. DHHL implemented the community liaison program by assigning Planning Office staff to each homestead region. As liaisons, staff provide a consistent point of contact between the associations and DHHL. The role of the liaison is to assist with community association business and to coordinate with internal DHHL divisions, as needed, to respond to association questions and concerns. During this fiscal year, liaisons attended homestead association meetings and met with association boards; provided community planning technical assistance and troubleshooting; and helped identify potential projects and community issues.

Homestead Associations & Beneficiary Organizations. Statewide, DHHL provides various capacity building, training, technical assistance, and educational workshops to 60 Homestead Associations & Beneficiary Organizations that serve communities in the following areas: Hawai'i Island (15), Maui (10), Moloka'i (9), Lāna'i (1), O'ahu (17), Kaua'i (4), and Statewide (4). A total of 48 beneficiary

informational and community meetings were conducted statewide and to highlight the frequency and areas covered, DHHL held meetings with the following communities: Kalāwahine, Kewalo & Papakōlea (July 20, 2015), Leiali'i & Lahaina (August 17, 2015), Ka'ū (September 20, 2015), East Hawai'i (September 21, 2015), Kaua'i (October 19, 2015), Waiohuli-Keōkea (November 16, 2015), Wailuanui-Keanae (December 5, 2015), Nānākuli- Wai'anae (December 14, 2015), Keaukaha (February 17 & June 7, 2016), Waimānalo (March 21, 2016), Moloka'i (April 11, 2016), West Hawai'i (May 23, 2016), and Kapolei (June 20, 2016). Additionally, two leaders' workshops on legislative matters were held at the Honolulu Airport Conference Center in January 2016 and April 2016. Planning Office staff also administered seven grant-in-aid (GIA) awards provided to homestead associations and beneficiary organizations by the legislature.

Agriculture peer-to-peer pilot grant program. Under the Homesteading Opportunities Assistance Program (HOAP), DHHL launched a pilot grant program to support peer-to-peer mentoring for agriculture beneficiaries. A total of \$200,000 in grant funds were awarded to 3 nonprofit organizations. The primary focus of this pilot grant program is to fund projects for peer-to-peer learning and training that will result in an increase in agriculture lessee and applicant capacity to undertake commercial or subsistence agriculture activities.

Agriculture community capacity building. Under the Homesteading Opportunities Assistance Program (HOAP), DHHL launched a pilot grant program to support peer-to-peer mentoring for agriculture beneficiaries. A total of \$200,000 in grant funds were awarded to 3 nonprofit organizations: Waimea Hawaiian Homesteaders Association for the green house building program on agriculture homestead lots in Waimea; Makakuoha Cooperative for natural farming systems training and demonstration projects on agriculture homestead lots in Ho'olehua, Moloka'i; and Ka'ala Farm Inc. for training on practitioner gardens on Hawaiian home lands and homestead lots in Wai'anae. The primary focus of this pilot grant program was to fund projects for peer-to-peer learning and training that will result in an increase in agriculture lessee and applicant capacity to undertake commercial or subsistence agriculture activities. DHHL intends to continue this program.

Water Policy Plan, *Statewide*. DHHL has various water responsibilities including the development of water sources, the operation and maintenance of water systems, planning for the use of water and advocating for the water rights of DHHL, the HHC, and native Hawaiians. To fulfill those responsibilities, DHHL has various legal rights described in constitutional and statutory provisions and case law. After three years of research and beneficiary and agency input, the HHC passed the Water Policy Plan (WPP), the first policy on managing the water kuleana of DHHL since the passage of the Hawaiian Homes Commission Act, in July 2014. Implementation of the Program includes:

Water Planning: Commission on Water Resource Management (CWRM), *Statewide*. Planning Office staff attends the monthly CWRM meetings to monitor and advocate for DHHL and beneficiary rights to water. Staff also works collaboratively with CWRM staff to share information, discuss various water projects and identify solutions to assist DHHL in its water kuleana. In addition,

DHHL is working closely with the County of Maui Department of Water Supply on the update of their Maui Water Use and Development Plan to be sure that DHHL's plans and water needs are incorporated into their planning efforts.

Water Rights Advocacy, *Statewide.* There was a number of critical efforts made to assert DHHL's rights to water in key proceedings before CWRM. The most significant highlight was the CWRM granting a water reservation of 3.398 MGD to DHHL in the Keauhou Aquifer, outside of a water management area, for the first time since the State Water Code was enacted in 1987. Additionally, a water reservation request for Waimea, Kaua'i was approved by the HHC and is pending before CWRM. The HHC also authorized the Chair to formally request water reservations from CWRM to adequately reserve water for current and foreseeable development and use of Hawaiian home lands in East Maui, Central Maui, and Upcountry Maui; if necessary, enter as a party into CWRM contested case proceedings concerning East Maui Irrigation Company, Ltd. (EMI) stream diversions (Case No. CCH-MA 13-01) and any subsequent litigation, and/or to submit testimony and briefs related to the same; secure legal counsel, subject to HRS Chapter 28, to assist in advocacy efforts concerning HHC and DHHL interests in CWRM proceedings on EMI stream diversions and any subsequent litigation; and take other action as necessary. DHHL continues to advocate on Moloka'i in light of the filing of a water use permit application by a Moloka'i Ranch subsidiary in a neighboring aquifer. Staff also drafted comments on every water relevant action (e.g. Environmental Assessments, Environmental Impact Statements, and Water Use Permit Applications) that appears to have a potential effect on the rights and uses of water by DHHL and beneficiaries.

Water Development and Stewardship, *Statewide.* Water rate studies were continued for all four DHHL operated water systems (Anahola, Moloka'i, Kawaihae, Pu'ukapu). A total of over \$1.2 million in USDA Rural Development federal funds (loan & grant combo) was used for water/wastewater infrastructure for the 45-unit Kaka'ina subdivision in Waimānalo and of that total, \$541,000 came from ARRA or federal stimulus funds. DHHL is also looking at various improvements to the Anahola water system and held three community meetings in the Spring of 2016 in order to outreach to and consult with Anahola beneficiaries. The first priority is remediation of the exterior of the existing storage Tank and Oceanit Laboratories is working on the planning for this work. The second priority is to examine and pursue long-term system improvements; conducting source, storage and transmission research; and to investigate various options for existing and future users. Improvements may include replacement and/or expansion of tank storage, transmission pipes, and system modification to create a backup source of water, all of which may be eligible for USDA funding. Additionally, DHHL is proposing a comprehensive upgrade and repair to improve treatment, storage, water delivery, and maintenance of the Ho'olehua water system. The project includes a one-megawatt photovoltaic energy production farm, the repair and replacement of aging equipment and maintenance yard facilities, increase in fire protection capability, and water storage capacity, which will be co-funded by USDA. The HHC also authorized the Chair to proceed to implement procedures and lease addenda to allow for the drilling of wells by homesteaders on their own lots for their own homesteading (domestic, agricultural, aquacultural,

and pastoral) uses.

Water Assets Inventory, *Statewide.* The Planning Office continued to work on data collection on DHHL water assets including East Maui, Ka‘ū, Moloka‘i, and Pulehunui. The Kawaihae Water Assessment was completed and results were shared with the community on September 14, 2015 in order to look at longer term options to provide water to existing lessees. DHHL currently receives water from Kohala Ranch via an agreement. DHHL also reviewed rights and assets in South Point, Hawai‘i and conducted comprehensive research on the Ka‘ū water system.

Agricultural Program Plan, *Statewide.* The HHC adopted the recommendations of the Agricultural Task Force in 2000, which provides the foundation upon which a viable Agricultural Program can be developed. In addition to the recommendations of the Task Force, the latest Beneficiary Survey conducted in 2014 indicated that more and more beneficiaries were interested in a subsistence agricultural lot. DHHL conducted beneficiary consultation during this fiscal year on subsistence agriculture as part of the proposed amendments to Title 10, Hawai‘i Administrative Rules in an effort to revive the agricultural program and put beneficiaries on the land since the agricultural waitlist is the longest waitlist on every island except O‘ahu. The goal is to enable native Hawaiian farmers to effectively utilize their Hawaiian homestead leases under a subsistence homestead and/or commercial use model to continue the philosophy established by the first homestead farming community at Kalama‘ula known as “the Moloka‘i Miracle” envisioned by Prince Kūhiō - ‘Āina Ho‘opulapula.

Figure 1-2 Island Planning Process

Island Plans – Asserts the Commission’s authority to designate land uses for Hawaiian Home Lands based on a comprehensive analysis of the Trust lands, needs, and opportunities on Hawai‘i Island (2002), Kaua‘i (2004), Maui (2004), Moloka‘i (2005), and O‘ahu (2014). Island Plans also identify priority areas for homestead development within each moku-puni based upon homestead applicant preferences and site analysis to identify lands most suitable for development.

Area Development Plans – Area specific plans that carry out second tier planning recommendations. These plans contain information necessary to implement area-wide development, including off-site infrastructure systems and improvements, utilities,

estimated costs, and phased implementation.

Regional Plans – Regional Plans provide the means to define opportunities for partnerships among stakeholders, including the Trust, its beneficiaries, and other interest groups in the region. This participatory planning process also documents issues and opportunities in the homestead community and identifies priority projects through consensus building in the near term 2 – 4 year period. There are 21 Regional Plans throughout the State.

Regional Plan Priority Projects

Below are a few of the Regional Plan Priority Projects that were either in progress or completed in FY 2016:

Hawai'i Island

- DHHL Honokāia Water System – Assisted with preparation of an environmental assessment for the DHHL Honokāia Water System. The HHC issued a Finding of No Significant Impact (FONSI) based on the project's final environmental assessment in January of 2016. The Honokāia Water System is a gravity fed non-potable water system that will be connected to the County of Hawai'i, Department of Water Supply system and consists of metal storage tank reservoir(s), approximately 40,000 linear feet of transmission lines and laterals, individual sub-meters and, pressure reduction valves, air release valves, and appurtenant infrastructure.
- South Point Management Plan – The Planning Office began the planning process for a resource management plan for DHHL lands in South Point in the district of Ka'u in June 2015. The planning process and beneficiary outreach continued through FY2016. The final plan will be completed in the Fall of 2016.
- Kailapa Community Association Community and Resource Center/ Emergency Relief Shelter – Assisted the Kailapa Community Association with preparation of an environmental assessment for the association's Community and Resource Center/Emergency Relief Shelter. The HHC issued a FONSI based on the project's final environmental assessment in February of 2016. The homestead community envisions the Resource Center/Emergency Shelter to be a piko, a center that will be a gathering place and will provide opportunities to enhance both economic and social vitality for current and future residents. It will be a gathering place for programs and activities that nurture and perpetuate physical, mental, cultural, and social health rooted in Native Hawaiian values.

Maui

- The Waiohuli Community Center Master Plan – Assisted the Waiohuli Hawaiian Homesteaders Association, Inc. with preparation of an environmental assessment for the association's Waiohuli Community Center. The HHC issued a FONSI based on the project's final environmental assessment in September of 2015. The association developed a master plan for the community center, which includes a kitchen house, hale, community center, gardens, athletic field, and archaeological site to foster community

gathering, cultural education, recreation, and economic capacity building.

Lānaʻi

- Explore Land Acquisition Opportunities – Engaged new owner, Pūlama Lānaʻi, in discussions regarding the transfer of 10 acres of commercial use and 15 acres of industrial use lands and participated in County of Maui's Lānaʻi Community Plan update.

Molokaʻi

- Kanakaloloa Cemetery – Assisted with preparation of an environmental assessment for the Kanakaloloa Cemetery. The HHC issued a FONSI based on the project's final environmental assessment in September of 2015. The project is intended to improve access and aesthetics and increase the comfort of beneficiaries and others who are attending graveside services and/or visiting the grave sites of loved ones.

Oʻahu

- Papakōlea Community Center & Park Improvements – Additional improvements have been identified for the community center and park that will produce both economic development benefits for local residents and generate revenue to help with the center's operating costs.
- Emergency Evacuation Plan in Waimānalo – Hawaiʻi Hazards Awareness and Resilience Program (HHARP), a program of the State Civil Defense Department, was created to help communities prepare to be self-reliant during and after natural hazard events. HHARP has been conducting monthly meetings in the Waimānalo community.

Kauaʻi

- Secure & Manage Surface Water Resources in Anahola – A USGS study was conducted on Anahola Stream to look at availability of water resources. Reservoirs were assessed, recommendations for remediation, removal, and de-regulating were developed. The Anahola reservoirs construction project starts approximately January 2017. The plans call for the shrinking of Field 1 and the upper Anahola reservoirs and the removal of Field 2 and the lower Anahola reservoirs.

Full priority project write-ups can be found on the Department's website at dhhl.hawaii.gov/po

Implementation Tools – The Planning System includes a number of tools to ensure the long-range, coordinated implementation of directives and priorities established by the HHC for plans in Tiers 1, 2, and 3. Implementation tools include the operating budget, capital improvements program, land use designations, and federal and state legislation.

Evaluation Program – The Evaluation Program component of the DHHL Planning System allows the Department to identify, monitor and assess its plans, programs and policies in order to provide more efficient and effective services to beneficiaries. By identifying strengths and areas that need improvement, the Evaluation Program provides critical information and analysis that supports future decision making by the Department

and the HHC. In 2014-2015, the Planning Office provided assistance to the Waimea Hawaiian Homestead Association in the completion of an Environmental Assessment (EA) process per HRS Chapter 343 requirements for the association's land development project on Hawaiian Home Lands. Staff worked closely with the homestead association and consultants to finalize the EA. Planning Office evaluated the outcome of this assistance in order to identify the circumstances in which this type of DHHL assistance could be provided to other associations that would like to pursue development projects on Hawaiian Home Lands. The evaluation also looked at ways DHHL could better improve its services to homestead associations interested in pursuing land development projects. Planning Office also evaluated the Hawaiian Home Lands Agricultural Extension Program that is provided by UH CTAHR. The evaluation identified the strengths and weaknesses of the program in providing technical assistance to homestead farmers and suggestions for improvement to the Agricultural Extension Program to better serve beneficiaries in the future.

Beneficiary Policy and Advocacy

The Planning Office is responsible for conducting beneficiary consultation on proposed policy changes and land use designation changes, including those related to revenue-generating projects affecting homestead regions. In the past fiscal year, the Planning Office conducted the following beneficiary consultations:

NextEra Kahikinui Wind Project

Kahikinui, Maui

DHHL conducted a second round of meetings and public hearings from May to July 2015 pursuant to Chapter 171-95.3, Hawaii Revised Statutes, relative to renewable energy development on Hawaiian Home Lands at Kahikinui, Maui. A summary of the findings and additional information was compiled and reported to the HHC on October 19, 2015.

Proposed Amendments to Title 10, Hawai'i Administrative Rules

Statewide

Statewide beneficiary consultation meetings were conducted to discuss with and get feedback from beneficiaries about the proposed amendments to Title 10, Hawai'i Administrative Rules covering three main topic areas: genetic testing, subsistence agriculture, and the transfer of homestead leases. In all, ten consultation meetings were held from October 27, 2015 to December 10, 2015 and over 700 beneficiaries attended. A summary of beneficiary comments, staff responses, and additional information was compiled and reported to the HHC on March 21, 2016.

Āina Mauna Legacy Plan

Humu'ula, Hawai'i

DHHL conducted beneficiary consultation on Hawai'i Island for the Āina Mauna Legacy Plan or DLNR license renewal request. Meetings were held in Hilo and Waimea with an estimated attendance of 160 people. A summary of beneficiary comments and additional information was compiled and reported to the HHC on March 21, 2016.

Kumu Camp Project

Anahola, Kaua'i

Beneficiary consultation for the Kumu Camp Project in Anahola, Kaua'i was held on April 9, 2016 with 77 participants who signed-in at the meeting. Consultation findings, recommended action, and additional information was compiled and reported to the HHC on August 22, 2016.

Other Planning Activities

Environmental Review and Compliance

The Planning Office is responsible for education and monitoring of Department activities regarding compliance with state and federal environmental review requirements. Activities included partnering with the Department of Health via a Memorandum of Agreement, which enabled the Hazard Evaluation and Emergency Response team to conduct a test on agricultural products grown near and outside of a Former Pesticide Mixing and Loading Area in Kekaha, Kauaʻi, which showed that the agricultural products were not impacted by the pesticides and does not pose a risk to human health and the environment and holding staff training with the State Office of Environmental Quality Control on the Hawaii Environmental Policy Act (HEPA) and National Environmental Policy Act (NEPA). The Planning Office also works with other DHHL divisions to plan for and manage environmentally and culturally sensitive areas such as wetlands, fishponds and shoreline/coastal areas.

Coastal Hazard Mitigation and Community Resilience

The Planning Office and graduate students from UH Mānoa Dept. of Urban and Regional Planning conducted a one-day workshop, “Molokaʻi Coastal Homestead Resilience & Disaster Planning Workshop,” designed to train homestead leaders from Kalamaʻula, Kapaʻakea and Kamiloloa-One Aliʻi homesteads in disaster preparedness planning and coastal hazard mitigation strategies. The morning session with kupuna and cultural practitioners from these communities grounded the planning process in Native Hawaiian cultural and ecological knowledge. The afternoon session provided training and technical assistance to homestead leaders in initiating a disaster plan for each of their homestead communities. The workshop was based on a process developed from DHHL by UH-DURP graduate students in the Spring of 2015, as outlined in the practicum report titled “Coastal Resilience for DHHL Communities.”

Housing Development Alternatives

In the ongoing effort to explore alternative housing types that might be more affordable and/or better meet the needs of beneficiaries, the Planning Office worked with consultants to generate a study and recommendations for pursuing alternative housing models such as kupuna housing, additional dwelling units (infill), multi-family housing, mixed use and rentals. The kauhale housing model or a form of “co-housing” was also examined as a way to accommodate an extended family household that is better suited to Native Hawaiian culture and lifestyle. These alternative housing development models and the regulatory and complementary measures to support these options can expand opportunities for beneficiaries.

Transit Oriented Development

Initiated research and engaged with Honolulu City and County and state-level planning efforts to explore the potential for pursuing transit-oriented development (TOD) on DHHL lands that will be within the TOD Planning Areas of five stations along the HART line: East Kapolei/UH West Oʻahu, Lagoon Drive, and Kapālama/Middle Street.

HAWAIIAN HOME LANDS

HAWAIIAN HOMES COMMISSION • DEPARTMENT OF HAWAIIAN HOME LANDS

ADMINISTRATIVE SERVICES OFFICE

The Administrative Services Office provides staff support in personnel, budgeting, program evaluation, information and communication systems, risk management, facilities management, clerical services and other administrative services. This office also provides support services in preparation of reports to the legislature and facilitates the rule-making process.

Administrative Services Office

2016 Legislation

The Supplemental Appropriations Act of 2016 (Act 119, SLH 2015, as amended by Act 124, SLH 2016) amends the operating and capital improvement program budgets for fiscal years (FY) 2016 and 2017.

Operating Budget

The FY 2016 general fund appropriation increased for the HHL 602 – Planning and Development for Hawaiian Homesteads Program (HHL 602) from \$9,632,000 to \$17,144,374. Section 21, Act 124, SLH 2016, provides general funding to reimburse the DHHL's FY 2016 administrative and operating expenses that were initially paid with special or trust funds.

For FY 2017, special and trust fund appropriations for HHL 602 were reduced from \$13,664,596 to \$7,651,212 and from \$11,154,080 to \$6,194,089, respectively. Federal fund appropriations increased from \$23,317,601 to \$23,782,094 for FY 2017.

Program HHL 602 – Planning and Development for Hawaiian Homesteads

Means of Financing	FY 2015	Permanent Positions	FY 2016	Permanent Positions
General Fund	\$17,144,374	(115)		
Special Fund	\$13,517,243		\$7,651,212	
Federal Fund	\$23,317,601	(4)	\$23,782,094	(4)
Trust Fund	<u>\$11,037,323</u>	<u>(81)</u>	<u>\$1,194,089</u>	
Total	\$65,016,514	(200)	\$37,627,935	(4)

A new program title and code, HHL 625 – Administration and Operating Support (HHL 625) was established. General funding in the amount of \$23,925,340 was appropriated under this new program to pay for administrative and operating expenses.

Section 21.2, Act 124, SLH 2016, provides for the DHHL to transfer up to \$5,854,667 in general fund appropriation to the Department of Budget and Finance (BUF101) to cover fringe benefit costs. Section 21.2 also provides general funding for 200.00 positions, excluding 4.00 federal fund positions.

Program HHL 625 – Administration and Operating Support

Means of Financing	FY 2015	Permanent Positions	FY 2016	Permanent Positions
General Fund			\$23,925,340	(200)

Capital Improvement Program Budget

The Supplemental Appropriations Act of 2016 (Act 119, SLH 2015, as amended by Act 124,

SLH 2016) adds two new projects to be funded by general obligation bonds:

- Papakōlea Sewer System Improvements, O‘ahu for planning, design and construction in the amount of \$9,000,000
- Wai‘anae Coast Emergency Access Road Traffic Relief Project, O‘ahu for planning, design and construction in the amount of \$3,000,000

Act 124, SLH 2016 also authorized financing of six Grant-In-Aid (GIA) projects from federal funds. Federal funding of GIA projects are currently under review as there may be restrictions imposed by the cognizant federal agency which may prevent the use of federal financing for GIA purposes.

HAWAIIAN HOME LANDS

HAWAIIAN HOMES COMMISSION · DEPARTMENT OF HAWAIIAN HOME LANDS

LAND DEVELOPMENT DIVISION

The Land Development Division
is responsible for developing
Department of Hawaiian
Home Lands' property for both
homesteading and income-producing
purposes.

Land Development Division

The Land Development Division (LDD) is responsible for developing Department of Hawaiian Home Lands (DHHL) property for both homesteading and income-producing purposes. LDD consists of three branches: (1) Design and Construction, (2) Housing Project, and (3) Master-Planned Community.

The Design and Construction Branch designs and constructs on-site and off-site improvements for the development of residential, farm, and pastoral lots for homesteading purposes.

The Housing Project Branch (Housing) is DHHL's "marketing and technical assistance arm" for homestead leases and awards. Housing staff processes applicants from DHHL wait lists to lease execution and processes Undivided Interest Lessees to amend leases to specific lot descriptions. Housing staff achieves this by helping beneficiaries with financial qualification, native Hawaiian qualification, contractor and house design selection, lot selection and lease execution. During Fiscal Year (FY) 2016, Housing facilitated 6 new residential awards and processed 12 lease amendments, as a result of 12 undivided interest lessees being able to qualify for a loan to purchase or build their own home. To achieve this, staff sent out approximately 11,415 offering letters to market 15 units within 8 projects statewide. Upon indicating interest, staff arranged for approximately 318 interested applicants to work with various lenders to financially qualify for a home. A series of orientation and workshops helped to individualize the efforts.

The Master-Planned Community Branch prepares plans and designs, and constructs communities with homes, businesses, services, open space, and recreational and cultural amenities.

LDD is also responsible for maintenance and repair as well as infrastructure improvements, including roads, water lines, drainage systems, and sewer lines.

Major Projects for 2016

Statewide

Habitat Loan Program

Housing has facilitated a better working relationship between DHHL and all the Habitat for Humanity Affiliates (Habitat) in the State. Housing staff was instrumental in creating the Habitat Loan Program that provided 0% financing to qualified beneficiaries. This loan product has increased the number of units produced by Habitat. During FY 2016, three beneficiaries were able to complete the construction of their homes in partnership with Habitat as a result of this working relationship with DHHL. All three homes utilized the Habitat Loan Program and the United States Department of Agriculture Rural Development direct loan. Also during FY 2016, six beneficiaries in partnership with Habitat began construction of their homes. Of the six homes under construction, two utilized the Habitat Loan Program and four utilized the United States Department of Agriculture Rural Development direct loan.

Hawai'i

Lālāmilo Phase 1, *Waimea, Hawai'i*

Infrastructure improvements for 37 residential lots, including roads, water distribution, drainage facilities and utilities were completed in March 2011. This development consists of an east subdivision of 17 lots and a west subdivision of 20 lots, and includes two owner-builder homes, five vacant lots and 30 turnkey homes. At the end of June 30, 2016, 30 homes were occupied. Two turnkey houses are unoccupied and five vacant lots have not been awarded due to unexploded ordnance (UXO) issues.

Lālāmilo Housing Phase 1, Kawaihae Road Improvements, *Waimea, Hawai'i*

Channelization of the Kawaihae Road/Keanu'i'omanō Street (West Access Road) Intersection. Improvements include constructing storage lanes, pavement widening, grading, and utility relocations. The project was advertised for bids on May 17, 2013. Bids were opened June 7, 2013, and a construction contract was awarded. Construction began June 3, 2014, but is currently on hold due to UXO issues. The restart construction date is not set. Pavement widening is dependent upon removing seven telecommunication poles from the State highway right-of-way and installing seven new poles on DHHL property.

Lālāmilo Housing, Phase 2A, Increment 1 & Kawaihae Road Improvements, *Waimea, Hawai'i*

Infrastructure construction for DHHL Lālāmilo Phase 2A, Increment 1 consists of 80 residential lots, three archaeological preservation lots, one HELCO Substation easement lot, one park, a landscape buffer, and roadway construction to channelize the Kawaihae Road/South Kohala Distribution Road intersection. Construction began March 18, 2013, but is currently on hold due to UXO issues. The restart of construction date is not set. Pavement widening is dependent upon removing two telecommunication poles from the State highway right-of-way and installing two new poles on DHHL property.

Pu'ukapu Hybrid Water System, *Waimea, Hawai'i*

Water system improvements were conducted in three phases for 184 pasture lots awarded during DHHL's Acceleration Award Program in 1985 and 1986. Design of Phase 1 was completed in 2009 and construction began on November 5, 2010. Construction is complete. A non-potable water system is active. Hawaiian Homes Commission approved interim water rates to users. DHHL is executing Internal Elevation Agreements with lessees. Hawai'i County Department of Water Supply (DWS) completed final connection of the hybrid water system to the DWS existing water system. An operation and maintenance contractor installed the first individual meter and backflow preventer in September 2014. The installation of individual meters and backflow preventers is ongoing.

Honokāia Water System, *Waimea, Hawai'i*

This proposed system is a gravity fed non-potable water system consisting of a connection to the County water system, a 104,600-gallon metal storage tank reservoir, 32,000 linear feet of transmission lines and laterals, sub-meters and appurtenant

infrastructure. The system will serve 46 pastoral lots within the Honokaia subdivision. The current domestic water needs are being met through individual water tanks, wells and catchment basins.

Kawaihae 304.5' and 632' Reservoirs System Repair Work, *Kawaihae, Hawai'i*

Repair work consists of grouting and sealing of cracks, painting, modification to railing system, drainage improvements and replacement of asphalt. Construction Notice to Proceed issued November 13, 2013. Construction estimated to be completed in early 2017.

Kawaihae Water Assessment, *Kawaihae, Hawai'i*

Preparing Final Water Assessment Study, which identifies several options to provide a new or additional source of potable water for the Kailapa Subdivision within the Kawaihae ahupuaa consisting of 199 lots, and possible future DHHL developments in the area. A well pump test was completed on existing well site 6549-03 and indicated that the existing water could be used as a drinking water source with proper water treatment. DHHL will further analyze the assessment and well pump test results to determine the preferred type of water source and system to be implemented.

Ka'ū Water Assessment, *Ka'ū, Hawai'i*

An assessment is in progress which identifies several options to provide regional groundwater development for DHHL landholdings in Ka'ū in order to better serve homestead, pastoral and agricultural homestead lessees in the area. Further due diligence studies are being conducted.

La'i 'Ōpua Village 5, *Kealakehe, Hawai'i*

Construction of the roads and utilities for a 117 residential lot subdivision on 23.6 acres in Kealakehe, north of Kealakehe High School, began May 1, 2009 and is substantially complete. Phase I house construction started in October 4, 2010. As of June 2016, 51 houses have been completed and occupied: 42 turnkey, and 9 self-help in partnership with Habitat for Humanity. One loan for a self-help home with Habitat for Humanity is being processed. Habitat for Humanity is also currently working with 10 families for a "Blitz Build" in 2017..

La'i 'Ōpua Village 4, *Kealakehe, Hawai'i*

The mass-grading of a 219 residential lot subdivision on about 60 acres at Kealakehe, located east of Kealakehe High School was completed in December 2009. Current plan is to develop the subdivision in two phases, Phase 1 ('Ākau - 118 residential lots) and Phase 2 (Hema - 101 residential lots). Engineering contracts for each phase have been awarded to develop construction drawings for the road, utility and other infrastructure improvements. Construction Notice to Proceed for the infrastructure improvements of Phase 1 ('Ākau) issued on May 12, 2014. Construction substantially complete October 20, 2015. Engineering design of Phase 2 (Hema) is ongoing.

Hawaiian Home Lands Rental Housing in the Villages of La'i 'Ōpua, *Puna, Hawai'i*

A Request for Proposals was advertised in February 2016 for a proposed Rent with

Option to Purchase development within the Villages of La'i 'Ōpua, Village 4, Akau Subdivision. DHHL anticipates selecting a developer by early 2017.

Maku'u Offsite Water System Development, Puna, Hawai'i

Construction of a production well, a 1.0-million gallon reservoir, transmission lines, and support facilities to service DHHL's Maku'u homesteads. The water system would provide service to 66 existing lots and permit new house lot development. Project is now on hold due to recent lava flows. DHHL is evaluating options, including installation of a structure to protect the existing "well cap" from future lava flows, and/or cancellation of the project.

Pana'ewa Subsistence Agricultural Lots, Pana'ewa, Hawai'i

DHHL is subdividing one ten-acre agricultural lot into 16 half-acre lots to be awarded to beneficiaries as subsistence agricultural lots.

O'ahu

Kānehili, East Kapolei, O'ahu

Roads and utilities were completed in January 2010 for this 403-lot subdivision. As of June 30, 2016, 350 homes have been completed and occupied: 332 turnkey houses by Gentry Homes, Ltd.; 10 modified self-help houses; 2 self-help houses through Habitat for Humanity; and 6 on vacant lots by individual owner/builders. Gentry Homes, Ltd. will be starting construction on seven additional turnkey houses scheduled for closing in Fall 2017. Habitat for Humanity Leeward O'ahu is working closely with four families: one is in the building permit process and three are in various stages of the loan approval process.

A sound and safety wall is being constructed at the back of the residential lots along the Kualaka'i Parkway. Construction notice to proceed was issued in October 2015 and is scheduled to last nine months. Upon completion, 39 residential lots will be available for house construction.

Ka'uluokaha'i, Increment IIB, East Kapolei, O'ahu

Formerly identified as East Kapolei IIB, these 160 lots are the first increment of residential lots within the Kauluokaha'i master-planned community. Mass grading was completed in 2011 using Federal American Recovery and Reinvestment Act (ARRA) monies provided through the U.S. Department of Housing and Urban Development (HUD). Construction of on-site infrastructure started in October 2014 and was substantially completed in August 2015. USDA-RD funding for the construction of water and wastewater improvements was used with the assistance of Nā Kūpa'a O Kūhiō, a non-profit organization that facilitates federal funding opportunities.

Kumuhau, Waimānalo, O'ahu

Infrastructure improvements for 52 residential lots, including roadways, water distribution, sewer collection, drainage facilities and utilities were completed in February 2011. Turnkey house construction on 45 lots commenced in July 2010 and the first home was occupied in February 2011. As of June 30, 2012 all the turnkey homes were

occupied. Habitat for Humanity Honolulu assisted six low to very low income families with constructing their houses. Leeward Habitat is assisting with the completion of one of Honolulu Habitat homes. The house on the final lot will be constructed by a self-help type partnership between Mustard Seed Miracle and Partners in Development Foundation. The home completion is estimated for Fall 2016.

Kakaʻina, Waimānalo, Oʻahu

This is a 45-lot residential project on a 7-acre parcel acquired from the Department of Land and Natural Resources (DLNR) in 2007. Infrastructure construction started in December 2012. Due to concerns from the surrounding community, a re-design of the project was required. Construction activities slowed while engineering work and the processing of new County approvals took place. Completion of infrastructure is now expected in mid-2016. This is the first DHHL residential subdivision to utilize USDA-RD funding for the construction of water and wastewater improvements, with the assistance of Nā Kūpaʻa O Kūhiō. The offering notice for turnkey lots was sent out in June 2016, with first home completions estimated in late 2017.

Sewer System Infrastructure Assessments for Princess Kahanu Estates, Papakōlea, Waimānalo, Waiʻanae, and Nānākuli Homesteads

ACT 227, Session Laws of Hawaiʻi 2014 requires the counties to accept dedication or license of sewer systems servicing Hawaiian Home Lands upon meeting certain conditions. The existing DHHL sewer systems located within City and County of Honolulu streets in the Waimānalo, Papakōlea, Nānākuli, and Waiʻanae subdivisions have been investigated to assess the structural condition and hydraulic capacity, as an initial step in implementing the act.

Papakōlea Sewer System Improvements, Papakōlea, Oʻahu

ACT 122, Session Laws of Hawaiʻi 2014 appropriated \$1,000,000 for construction designs for Papakōlea Sewer System Improvements and related accessory improvements to steep slopes impacting existing sewer lines. DHHL has procured an engineering consulting firm to prepare plans and specifications for improvements to the Papakōlea Sewer System. Design is ongoing.

ACT 119, Session Laws of Hawaiʻi 2015 appropriated \$3,750,000 for plans, designs, and construction to rebuild existing sewer systems in DHHL's Papakōlea Subdivision. After completion of designs and plans above, DHHL plans to implement the construction of the sewer system improvements in late 2017 and early 2018.

Waiʻanae/Nānākuli Housing Offering, Waiʻanae and Nānākuli, Oʻahu

The original selectee of this home withdrew and the financial screening for a new selectee is in progress.

Habitat Rehab Pre-Owned Home Offering, Nānākuli, Oʻahu

The USDA-RD loan has closed and the rehabilitation of the home is underway.

Voice of America Site, Māʻili, Oʻahu

The conceptual master plan has been completed to develop a portion of this site for

DHHL homesteads as the Kamehameha Schools completed the first phase of their Kamehameha Community Learning Center (KCLC) on adjoining lands. The KCLC will expand preschool capacity for the Leeward O‘ahu Coast. Future plans include additional learning facilities for older children and adults. DHHL is working to integrate homestead opportunities under this collaborative effort.

Maui

Kēōkea-Waiohuli, *Kula, Maui*

The Kēōkea-Waiohuli Development consists of a total of 386 lots comprised of 66 Kēōkea farm lots and 320 undivided interest residential lots. Infrastructure improvements for Phase 1 consists of 98 undivided interest residential lots and 66 Kēōkea farm lots, and includes work on roadways, offsite water transmission, water distribution, reservoir, drainage facilities and utilities. Site work on Phase 1 began in September 2006 and was completed in March 2010. Due to severe lot drainage concerns, additional engineering work and construction of drainage structures is under design to meet HUD standards for some of the residential lots. Subject to the approval of construction plans, DHHL procured a contractor in 2015 to construct drainage improvements on 46 lots to be offered to Waiohuli Undivided Interest lessees. An Environmental Review Record was completed as a requirement for use of NAHASDA funds for construction of drainage improvements. \$7,509,000 in NAHASDA funds were encumbered in FY16. Notice to Proceed was issued on May 1, 2016, with scheduled completion on April 30, 2017.

Honokōwai Well, *Honokōwai, Maui*

An exploratory well located south of the Honokōwai Gulch, West Maui was completed in March 2011. This well will provide a potable water source for the development of the Villages of Leialī Phase 1B development and other State Housing projects in West Maui. DHHL’s engineering consultant is preparing an Environmental Assessment for the development of this potable well, a water transmission plan, designs and plans for a pump, well site, transmission lines, and storage and pressure regulating devices.

Pūlehunui Masterplan, *Pūlehunui, Maui*

Act 122, 2014 provided \$4,000,000 for master-planning and design for approximately 936 acres of State lands in Pūlehunui in Central Maui, including over 800 acres of DHHL lands. DHHL has procured a community planner to initiate the master-planning and environmental compliances..

Moloka‘i

Molokai Water System Tank Replacement, *Ho‘olehua, Moloka‘i*

Construction of the Moloka‘i Water Tank replacement began on October 28, 2014, and was completed in October 2015.

Moloka‘i Scattered Lots, *Kalama‘ula, Moloka‘i*

In FY 2016, one home was completed in partnership with Habitat for Humanity and two are under construction. Another two families are in loan processing.

Kapa‘akea Flood Mitigation, *Kaunakakai, Moloka‘i*

Plans and specifications for the construction of flood mitigation measures to protect five homestead residential lots from flooding was completed in October 2015. DHHL is still waiting for the final Environmental Assessment and Hawaiian Homes Commission approval. Applying for Flood Mitigation Grant monies to fund this project, application due April 2017. Invitation for bids will be issued upon funding approval.

Kanakalōloa Cemetery Improvements, *Ho‘olehua, Moloka‘i*

Engineering design completed to pave roads within the cemetery, construct a frontage wall, and install security gates and an entry feature. Consultant will also make site recommendations for a future pavilion for ceremonies. Invitation for bids was issued, but contract was not awarded because the bids received were three times the amount of the estimated cost. CIP monies were cut back for fiscal year 2017 and this project was not funded. It will be rebid once funding is available.

Kaua‘i**Pi‘ilani Mai Ke Kai, *Anahola, Kaua‘i***

Phase 1 of the project consisted of 80 improved residential lots. Site work began in September 2006 and was completed in April 2009. As of June 30, 2016, 56 houses have been constructed and occupied: 36 turn-key, 5 owner-builder, and 15 self-help. Habitat is screening applicants to build an additional five self-help houses in Pi‘ilani Mai Ke Kai. Two homes are currently under construction.

Phase 2 of the project consists of infrastructure improvements for 51 single-family house lots. Construction started in June 2013 and was completed in July 2014. The water system improvements in the amount of \$810,000 were funded by the USDA-RD, through the assistance of Nā Kūpa‘a O Kūhiō.

Habitat Rehabilitation Pre-Owned Home Offering, *Anahola, Kaua‘i*

DHHL has selected a family to partner with Habitat to rehabilitate an existing home in Anahola. The rehabilitation of the home is currently in progress.

Wailua Well #1 Drilling and Casing, *Wailua, Kaua‘i*

A contract has been awarded to drill and case Wailua Well #1 located in TMK (4) 3-9-02:12 for future homestead development. The construction will consist of drilling 125 feet deep, installing a 10-inch casing, and conducting a pump test to determine the capacity of the well. This project requires Commission of Water Resources Management permit and will be constructed to meet Federal and State Safe Drinking Water standards. An Environmental Assessment pursuant to Chapter 343, Hawaii Revised Statutes has been initiated for this project.

Anahola Farm Lots Water System, *Anahola, Kaua‘i*

The department is conducting a two-phase study of the Anahola Farm Lots Water System. This potable water source which services 78 farm and residential lots requires remediation work on its water storage facility. DHHL's consultant provided an assessment of the system. With the assistance of RCAC, environmental studies were

initiated along with community consultation for the design and construction of new source, storage, transmission and distribution system pursuant to USDA RD standards. A Preliminary Engineering Report and USDA RD application was submitted in FY2016. Design phase will commence in 2017 and construction is anticipated to commence in FY18.

Anahola Reservoirs Improvement Projects, *Anahola, Kauaʻi*

Act 122, 2014 provided \$3,000,000 in General Obligation Bond financing for construction improvements of four reservoirs located in the Anahola Valley. Two reservoirs will be improved, while two reservoirs will be decommissioned, pursuant with Dam Safety Act standards. In FY16 a contractor was procured for the construction. Construction is anticipated to commence in early 2017.

HAWAIIAN HOME LANDS

HAWAIIAN HOMES COMMISSION • DEPARTMENT OF HAWAIIAN HOME LANDS

HOMESTEAD SERVICES DIVISION

The Homestead Services Division
is involved in the direct servicing of
homestead lessees and applicants for
homestead leases.

- Applications Branch
- Loan Services Branch
- District Operations Branch

Homestead Services Division

Applications Branch

The Applications Branch is responsible for ensuring that applicants meet the blood quantum requirement of the Hawaiian Homes Commission Act, 1920, as amended. The branch is also charged with the maintenance of applicant records and includes all transactions involving applications such as processing new applications, transfer requests, reinstatements, rescissions and successorships to application rights.

As of June 30, 2016, the Department of Hawaiian Home Lands (DHHL) waiting lists reflect a combined total of *44,580 lease applications comprised of applications for residential, agricultural, and pastoral homesteads - an increase of *350 applications on file as compared to the previous fiscal year. As of the same date, the DHHL notes there are *27,855 individual applicants, an increase of *233 applicants over the previous fiscal year. The number of applications and the number of applicants differ because the administrative rules allow applicants to hold a maximum of two (2) applications - one (1) for a residential lease and the other for either an agricultural lease or a pastoral lease.

During fiscal year 2016, the Applications Branch processed 1,103 applicant transactions (which includes new applicants and applicant waiting list transfers) requiring Hawaiian Homes Commission action.

*All figures are from APPX reports dated 10-17-2016 and 10-19-2016.

- 6) Application cancellations due to inability to meet 50% quantum requirement

Loan Services Branch

The Loan Services Branch (LSB) administers the Department's loan origination, loan servicing and loan collection programs. DHHL is authorized by the Hawaiian Homes Commission Act to provide loan funds to native Hawaiian beneficiaries and issues guarantees through Memorandums of Understanding (MOU) for loans made by alternative lending sources for the replacement, construction and repair of homes.

The Direct Loan Program run by the LSB is a revolving loan fund. Loans are made available primarily for new loans to homestead lessees for re-awarded home purchases, home construction, and repairs. In fiscal year (FY) 2016, this Branch issued 12 direct loans, totaling approximately \$1.57 million.

The LSB is also responsible for the collection of payments of these loans. Funds must be collected in a timely manner so the money can be used for additional loans to help more native Hawaiians. Improving the department's loan collection process makes efficient use of funds and insures that the maximum numbers of beneficiaries will be assisted. Working with loan delinquencies, the LSB also refinances loans and refers borrowers for financial counseling to prevent lease cancellations.

DHHL lessees are also able to access mortgages from private lenders through the Department of Housing and Urban Development's (HUD) Federal Housing Administration (FHA) section 247 mortgage loans. This lender insured program is by far the largest used funding source among DHHL lessees. In FY 2016, 302 loans totaling some \$70.9 million were granted through this program.

A loan product starting to gain popularity among beneficiaries is the HUD 184A loan program which was first launched in FY 2008. The program enables the lessees and the lenders another option for financing from the FHA 247 program. In the HUD 184A program, HUD guarantees the lenders' loans on DHHL leased land. Also, the guaranty fee paid by the lessee(s) is less than the insurance premium that the lessee(s) would pay for a similar FHA 247 mortgage loan. There were 86 loans for \$21.9 million processed through the HUD 184A loan program during the 2016 fiscal year. The HUD 184A program has proven to be a very popular product for our lessees due to lower closing costs as compared to other mortgage loan products.

Lastly, the DHHL has existing MOUs with various lenders to guaranty loans of which the United States Department of Agriculture Rural Development (USDA-RD) has the largest volume. The DHHL guarantees USDA's direct loans to its beneficiaries. In FY 2016, DHHL issued 18 loan guarantees to various lending agencies totaling (I would suggest using 'nearly', 'over' or 'approximately' rather than "about" \$3.65 million.

District Operations Branch

The District Operations Branch is comprised of six district offices located on O‘ahu, Kaua‘i, Moloka‘i, Maui and in East and West Hawai‘i. The offices provide frontline support and services to the homestead lessees, applicants and homestead community associations by managing homestead areas and by assisting in various departmental projects in their respective areas. Neighbor island district offices also provide services to all other DHHL divisions and staff offices and serve as liaison on behalf of the Chairman’s office when called upon. Interacting with private, federal, state and county agencies, the Branch provides and coordinates services for native Hawaiian beneficiaries, including facilitating and processing lessee requests for lease closings; conveyances through successorships, transfers, or assignments; subdivision of homestead lots; relocations; surrenders of homestead leases; authorization to pursue home improvement permits; updating lessee files and successorship designations; and compliance with the conditions of the lease.

The O‘ahu District Office (ODO), in addition to servicing O‘ahu lessee requests; manages, coordinates and finalizes the processing of all transactions and legal documents for homestead lessees including participating in contested case hearings and preparing submittals to the Hawaiian Homes Commission.

During fiscal year 2016, the ODO processed for Hawaiian Home Commission’s approval, 250 assignment of leases, 152 amendment of leases, 88 designation of successors, 76 non-exclusive licenses, and completed 137 transfers through successorship.

As of June 30, 2016, there were 9,813 homestead leases statewide.

HAWAIIAN HOME LANDS

HAWAIIAN HOMES COMMISSION • DEPARTMENT OF HAWAIIAN HOME LANDS

FISCAL OFFICE

The Fiscal Office is responsible for providing financial information, accounting services, and establishing internal financial control policies and procedures for the Department.

Fiscal Office

The Fiscal Office is responsible for providing financial information, accounting services, and establishing internal financial control policies and procedures for the Department of Hawaiian Home Lands (DHHL).

In order to evaluate the Department's performance, reporting on current performance, and planning for the future, the office provides DHHL's management with various financial reports, as well as information on financial trends and developments.

The Fiscal Office also provides valid, reliable, properly classified financial data to the State of Hawai'i Department of Accounting and General Services (DAGS) for incorporation in the State of Hawai'i Comprehensive Annual Financial Report (CAFR) and DHHL's independent auditors for preparation of the Department's annual audited financial statements.

In 2016, The Fiscal Office received and processed receipts from various sources including DHHL's water systems, principal and interest on loans, non-homestead income producing leases (i.e., general leases, revocable permits and licenses), sale of homes, homestead leases and federal grants. The Fiscal Office also expended funds for operations and capital improvements as identified and authorized in the 2016 Operating Budget and Capital Improvement Projects Budget.

The Fiscal Office plays a vital role in establishing and maintaining internal controls to ensure the data in the financial statements and reports are reliable, safeguarding the Trust's assets, promoting operational efficiency and ensuring the Department's operations are in compliance with DHHL's policies, goals and objectives as well as laws, rules and regulations that govern DHHL.

The Fiscal Office maintains the department's accounting records and prepares the department's financial reports which conform to generally accepted accounting standards.

The Department of Hawaiian Home Lands 2016 Financial and Compliance Audit Report is "Unmodified". It is the best type of audit report an auditee may receive from an external auditor because the auditor has concluded that the financial statements give a true and fair view in accordance with the financial reporting framework used for the preparation and presentation of the financial statements.

The Department's financial statements, taken from the 2016 Financial and Compliance Audit Report for the period which ended on June 30, 2016 is included in this year's annual report.

DHHL's 2016 Financial and Compliance Audit Report may be viewed at DHHL's website at dhhl.hawaii.gov/fo

Department of Hawaiian Home Lands
Reconciliation of the Governmental Funds Balance Sheet
to the Statement of Net Position
June 30, 2016

Total fund balances – governmental funds		\$ 351,734,033
Amounts reported for governmental activities in the statement of net position are different because		
Capital assets used in governmental activities are not financial resources and therefore are not reported in the funds.		
These assets consists of		
Infrastructure assets	\$ 713,885,932	
Land	41,824,231	
Building and improvements	29,188,835	
Construction in progress	9,784,521	
Other capital assets	6,884,933	
Accumulated depreciation	(278,458,060)	
		523,110,392
Certain revenues not collected within 60 days after the end of the year are deferred in the funds.		6,179,089
Accrued interest payable is not recognized in governmental funds.		(685,050)
Long-term debt payment accruals are included as an expenditure for governmental funds but are included in bonds payable and capital lease obligation in the statement of net position.		1,470,884
Some long-term liabilities are not due and payable in the current period and therefore are not reported in the funds, including		
Notes payable		(8,100,000)
Capital lease obligation		(19,335,000)
Bonds payable		(37,123,674)
Accrued vacation		(1,459,219)
Net position of governmental activities		<u>\$ 815,791,455</u>

State of Hawai‘i
Department of Hawaiian Home Lands
Reconciliation of the Governmental Funds Statement of Revenues,
Expenditures and Changes in Fund Balances to the Statement of Activities
Year Ended June 30, 2016

Net change in fund balances – governmental funds		\$ 21,100,943
Amounts reported for governmental activities in the statement of activities are different because		
Capital outlays are reported as expenditures in governmental funds, however in the statement of activities, the cost of capital assets is allocated over their estimated useful lives as depreciation expense.		
In the current period, these amounts are		
Capital outlay	\$ 11,335,459	
Depreciation expense	<u>(23,356,728)</u>	
Excess of capital outlay over depreciation expense		(12,021,269)
Repayment of note payable is reported as an expenditure in governmental funds, but the payment reduces note payable in the statement of net position.		1,700,000
Repayment of bond principal is reported as an expenditure in governmental funds, but the repayment reduces bonds payable in the statement of net position.		812,495
Repayment of capital lease obligation is reported as an expenditure in governmental funds, but the repayment reduces the capital lease obligation in the statement of net position.		830,000
Revenues in the statement of activities that do not provide current financial resources are not reported as revenues and are deferred in the governmental funds.		1,122,624
The net increase in accrued vacation is reported in the statement of activities and does not require the use of current financial resources and therefore is not reported as expenditures in governmental funds.		(62,441)
Long-term debt payment accruals are included as an expenditure for governmental funds but are included in bonds payable and capital lease obligation in the statement of net position.		<u>30,000</u>
Change in net position of governmental activities	\$	<u>13,512,352</u>

HAWAIIAN HOME LANDS

HAWAIIAN HOMES COMMISSION • DEPARTMENT OF HAWAIIAN HOME LANDS

LAND MANAGEMENT DIVISION

The Land Management Division is responsible for managing all non-homestead DHHL assets. These lands comprise approximately 80 percent of the Hawaiian Home Lands inventory and include lands utilized for agricultural production, pastoral purposes, commercial and industrial uses. Through its various land dispositions, LMD generates revenue to support homestead development projects.

Land Management Division

The Land Management Division (LMD) consists of three separate but interrelated branches: (1) Land Management, (2) Income Property and (3) Technical Services Branches.

The Land Management Division (LMD) is responsible for the management of all DHHL non-homestead assets. These lands comprise the bulk of Hawaiian Home Lands inventory (approximately 80 percent) and include those utilized for agricultural production, pastoral purposes, and commercial and industrial use. Through its various land dispositions, the LMD generates revenue to support homestead development projects. The LMD consists of three separate but interrelated branches: (1) Land Management, (2) Income Property, and (3) Technical Services.

The Land Management Branch (LMB) is responsible for management of all lands unencumbered by homestead use. The LMB also provides support to the DHHL's Land Development Division (LDD) by issuing permits and licenses. Issuance of dispositions such as Right-of-Entry and License Easements to the various state and county agencies, which require access and use of Hawaiian Home Lands for infrastructure and utilities purposes, assists LDD prior to their development of homestead communities.

The Income Property Branch (IPB) is specifically tasked with generating revenue from the development and long term leasing of DHHL assets not slated for residential use. The income generated and the services provided by the IPB are integral components of the DHHL's goals towards self-sufficiency and community building. As such, the IPB has an integral role towards one of the Trust's primary goals, which is to place Native Hawaiians on the land.

The Technical Service Branch (TSB) manages the land inventory of Hawaiian Home Lands prior to homestead disposition. Its responsibilities include database management of all non-homestead assets. The TSB also oversees the appraisal process for the rental, acquisition, exchange, licensing, and general leasing of the DHHL's non-homestead properties. Third-party appraisers are hired for the valuation of the LMD assets to ensure that the Trust is fairly compensated by market standards in its dispositions..

Significant Events

Master Benefit License Agreement with Maui Electric Company (License No. 812)

LMD and Maui Electric Company (MECO) completed working on a formal master benefit license that covers all DHHL homestead subdivisions in the County of Maui, past and future, under one master document. This follows the successful master benefit license that was executed last fiscal year with Hawaiian Electric Company for DHHL homestead subdivisions on the Island of Oahu. The Hawaiian Homes Commission approved the master license in November, 2015 that substantially streamlines the process for MECO to enter Hawaiian Home Lands and facilitate the distribution of electricity to homestead lessees. Previously, all requests for benefit licenses for electrical easements were addressed through

multiple, separate licenses for each specific project. This Master Benefit License would keep all electrical easements in one single document and would help speed up the current process DHHL and MECO have to go through to provide power to our beneficiaries. The HHC Chairman is authorized to approve addenda to the master license to add additional homestead lots in the future.

Ka Makana Ali'i Regional Shopping Center Construction Nearly Complete

Construction of Phase I of West Oahu's newest shopping center on a 67-acre site directly across DHHL's Kapolei headquarters began in the Spring of last year and is slated for completion in the Fall of 2016. As of early June 2016, construction permits for retail and restaurant spaces have already been issued for 35 tenants with more expected in the coming months. When fully completed with Phase 2, the 1.4 million square-foot regional mall will be Hawaii's second largest, surpassing Pearlridge Center's 1.1 million square feet of retail space. Ka Makana Ali'i will generate substantial rent revenue for DHHL's homestead development and sustain programs that will support native Hawaiian beneficiaries under its 65-year General Lease.

Stadium Bowl-O-Drome Site Being Prepared for Redevelopment

Work has begun at the former Bowl-O-Drome site at 820 Isenberg Street, Honolulu, as part of the master planning to redevelop the property and creating an environmental review record. A consultant team, headed by PBR Hawaii & Associates, Inc. began site visits in March, 2016 to conduct studies and address potential issues affecting redevelopment of the property such as infrastructure capacity, the historical status of the Bowl-O-Drome building, hazardous materials in the building and on site, traffic, noise, and subsurface conditions. The LMD has been coordinating access to the property to minimize any disruption to Oahu Auto Service, Inc., the existing tenant, during this due diligence phase.

Based on studies conducted in 2014 by DHHL, the site provides DHHL with opportunities to increase revenues and provide housing within a mixed-use building. The housing component could be used for kupuna rental housing, market-rate condo units for DHHL beneficiaries who are first-time homeowners, student housing, or a combination of these. The location is ideal for such a project because of its proximity to employment centers in Waikiki and Downtown Honolulu; proximity to the University of Hawai'i Manoa campus; and being adjacent to a public park. The site will also be near a future rail station at the corner of Date Street and University Avenue should the planned extension of the rail line be built from Ala Moana Center to the University.

Once all of the on-site studies are done; beneficiary and community input are received; the master planning and environmental review processes are completed; and the constraints and opportunities are clear, LMD will integrate them into a Request for Proposals (RFP) for a developer of the project. The RFP will include a requirement for the selected developer to take possession of the land, clear the land, and construct the project.

Kahikinui Wind Project Right-of-Entry and General Lease Negotiations Underway

Following its approval by the Hawaiian Homes Commission in November, 2015, the wind

project is closer to implementation of its initial due diligence phase. Staff and respective counsels for DHHL and Boulevard Associates, LLC are wrapping-up the right-of-entry and a general lease details with execution of the formal instruments anticipated for later in the year. The Hawaiian Homes Commission approved the request by Boulevard Associates, LLC, an affiliate of NextEra Energy, Inc., to construct up to a 60MW wind project on land in the southeast portion of Kahikinui, on the Island of Maui. When constructed, DHHL will receive a share of revenue from the project's sale of the energy to MECO and a community benefits package.

Renewable Energy Projects Update

DHHL's Kapolei headquarters' photovoltaic solar project experienced a delay after contract negotiations with the initial awardee fell through in early 2016. The second-ranked offeror was subsequently awarded the contract with negotiations scheduled to resume sometime in July after it confirms the details of its proposal to install a solar system on top of parking structures to be built in the headquarters' parking lot under a 20-year power purchase agreement.

The Request for Proposals for the installation of a photovoltaic solar system on the Moloka'i District Office's rooftop in Kalama'ula was just issued on June 1, 2016 with the notice of award scheduled for mid-September. Getting this project initiated was particularly challenging as there is a solar saturation problem on the Island of Moloka'i preventing any further solar projects from being installed. With the valuable assistance of DHHL's energy consultants, however, a proposed solution to address the solar saturation problem was acceptable to Maui Electric Company and DHHL was able to proceed with its solar project.

Preliminary drafting of the requirements for a developer of a hydropower project on DHHL lands in Waimea, on the Island of Kaua'i, began in June, 2016. The project, when constructed, will help support future homesteading projects and agricultural cultivation in the area through infrastructure development, including upgrading DHHL's Pu'u 'Ōpae reservoir.

Conceptual Plans for DHHL's 184 Acres in Pulehunui Completed

In late 2015, LMD engaged PBR Hawai'i and Associates, Inc. to provide conceptual planning services for commercial/industrial use of approximately 184 acres in Pulehunui, on the Island of Maui. The site is bounded on the West by Mokulele Highway and is across from the Hawai'i National Guard Armory. The scope of work included a site assessment, preliminary site development plan, preliminary engineering assessment, and a summary report. The summary report which was just issued in June, 2016 will help support DHHL's broader master planning effort for its lands in Pulehunui which requires coordination with other state agency landowners in the region to develop the necessary infrastructure for their own development projects, especially concerning the source for potable water and wastewater treatment.

Transit-Oriented Development Conceptual Planning

The LMD, in partnership with LDD and DHHL's Planning Office, has been involved in

transit-oriented development for DHHL lands located in East Kapolei, Shafter Flats, and Kapālama, on the Island of O‘ahu. All of these areas are within one-half mile of rail transit stations that will be part of the Honolulu Rail Transit Project currently under construction.

The LMD issued a Request for Proposals in January, 2016 for the Shafter Flats and Kapālama lands to prepare conceptual plans for transit-oriented development (TOD) for these sites. TOD planning for East Kapolei will be handled separately since it involves primarily undeveloped land whereas the Shafter Flats and Kapālama lands would be for redevelopment. PBR Hawaii & Associates, Inc. was awarded the contract and will undertake the tasks to prepare the conceptual plans beginning in July 2016, that will be used as 1) as a comprehensive guide, over time, for the development of DHHL’s lands on O‘ahu near the rail stations; 2) to assist the City and County of Honolulu with planning for future infrastructure needs; and 3) to assist with the coordination of DHHL’s plans with other adjacent owners’ plans.

Sandwich Isles Communications, Inc. Accomplishments

2016 Status Report

In 2015, Sandwich Isles Communications (SIC) was still facing significant challenges. The Department of Hawaiian Home Lands believes that SIC will overcome these challenges and will continue to focus on the mission to provide Hawaiian home lands with state of the art telecommunication services. Even with these challenges DHHL will continue to work with SIC on building our infrastructure to service all new subdivision and commercial projects.

On the Island of Kaua‘i, SIC completed installing its infrastructure for the Pi‘ilani Mai Ke Kai Residence project in 2014. DHHL is waiting on the construction of homes to start.

On the Island of O‘ahu, the Kaka‘ina Subdivision (45 lots) in Waimānalo and the East Kapolei IIB Subdivision (156 lots) infrastructure installations were completed in 2015. DHHL is waiting on house construction to start for both projects. SIC initiated an engineering contract for design of the East Kapolei IIC Subdivision infrastructure (128 lots). This project is scheduled for construction in 2017. SIC first initiated design coordination with DeBartolo on the Ka Makana Ali‘i Shopping Center in 2006. DHHL provided engineering support until construction started in 2015. In the beginning of 2016 DHHL started installing fiber cabling to the project. DHHL is currently working on the installation of tenant services to meet the Center’s planned opening in September 2016.

On the Island of Maui, a brush fire in the Kahikinui area forced the evacuation of several lessees. SIC was able to maintain telephone service which allowed communication with emergency services. Unfortunately, bulldozing for fire breaks damaged DHHL facilities in a few locations necessitating minor repairs. On another project, DHHL and other stakeholders initiated a master plan for development in the Pu‘unēnē, Pulehunui area. SIC is well positioned in this area to provide telecommunication service and connectivity through our fiber optic network.

On the Island of Hawai‘i, SIC completed most of the installation of the infrastructure

for the Lalamilo Phase 2A Subdivision (84 lots). This project is being redesigned and on hold waiting for disposition of possible unexploded ordinance (UXO). SIC also completed installation of infrastructure in the Laiopua Village 4 Akau Subdivision (118 lots). DHHL is waiting for house construction to start. In the Hilo area, DHHL is engineering the infrastructure design for a 16 lot subdivision located on Mahi'ai Street in Panaewa. Construction is anticipated to start in 2017.
