

REGIONAL PLAN UPDATE

Island of Molokaʻi

The Molokaʻi Regional Plan is one of twenty-two regional plans the Department of Hawaiian Home Lands (DHHL) has developed state-wide. DHHL regional plans function as a means to develop partnerships, pursue resources (including funding), and coordinate action in each community. Regional plans also identify key priority projects that are defined and implemented by the community and are essential in moving community improvement projects forward.

The existing Molokaʻi Regional Plan was completed in 2010 and is being updated to reflect the needs, vision, and values important to the Molokaʻi homestead communities.

DHHL'S PLANNING SYSTEM

PURPOSE OF THE REGIONAL PLAN

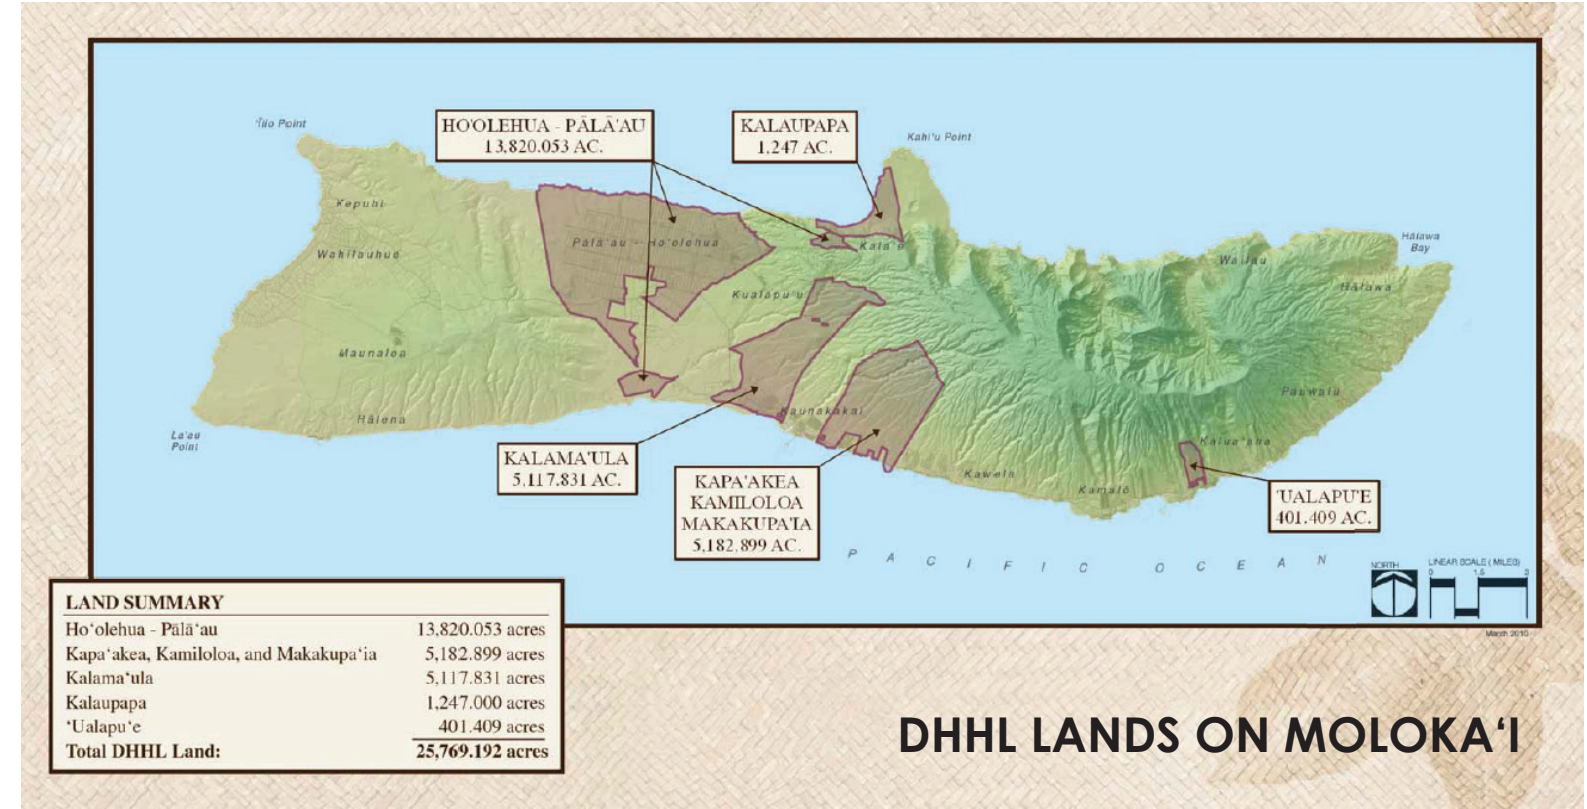

- To directly involve the homestead community in planning for their region.
- To identify projects and priority projects that are important to the homestead community.
- To identify potential resources (such as partners and funding sources) for implementing priority projects.
