NATIVE HAWAIIAN HOUSING PLAN

(NAHASDA §§ 803(b)(1), 803(c)(1) and 820(a)(2))

This form meets the requirements for a Native Hawaiian Housing Plan (NHHP) and Annual Performance Report (APR) required by the United States Department of Housing and Urban Development. The information requested does not lend itself to confidentiality.

Regulatory and statutory citations are provided throughout this form as applicable. The Department of Hawaiian Home Lands (DHHL) is encouraged to review these citations when completing the NHHP and APR sections of the form.

Under Title VIII of the Native American Housing Assistance and Self-Determination Act of 1996 (NAHASDA) (25 U.S.C. 4101 et seq.), HUD will provide grants under the Native Hawaiian Housing Block Grant (NHHBG) program to DHHL to carry out affordable housing activities for Native Hawaiian families who are eligible to reside on the Hawaiian Home Lands. To be eligible for the grants, DHHL must submit a NHHP that meets the requirements of the Act. To align the NHHBG program with recent improvements made to the Indian Housing Block Grant program, HUD is requiring DHHL to submit the NHHP to HUD at least 75 days prior to the start of its 12-month fiscal year. The APR is due no later than 60 days after the end of DHHL's fiscal year (24 CFR § 1006.410).

The NHHP and the APR (previously two separate forms) are now combined into one form. The sections pertaining to the NHHP are submitted before the beginning of the 12-month fiscal year, leaving the APR (shaded) sections blank. If the NHHP has been updated or amended, use the most recent version when preparing the APR. After the 12-month fiscal year, enter the results from the 12-month fiscal year in the shaded sections of the form to complete the APR. More details on how to complete the NHHP and APR sections of the form can be found in the body of this form. In addition, DHHL may find it helpful to refer to the IHP/APR form guidance available at http://portal.hud.gov/hudportal/HUD?src=/program_offices/public_indian_housing/ih/codetalk/nahasda/guidance until a guidance specific to the NHHP/APR form is made available.

FORM COMPLETION OPTIONS: The NHHP/APR form may be completed either in hard copy or electronically. Hard copy versions may be completed either by hand or typewriter. Alternatively, the form may be completed electronically as it is a Word document. It is recommended that the form be completed electronically because it is more efficient to complete, submit, and review the form. Furthermore, electronic versions of the form may be submitted to HUD as an email attachment. To document official signatures on the electronic version, you should sign a hard copy of the pages and either fax (808-457-4694) that signed page or email (claudine.c.allen@hud.gov) it as an attachment to the Office of Native American Programs – Attention: Claudine Allen in the HUD Honolulu Field Office. The sections of the NHHP that require an official signature are the Cover Page and Sections 13 and 14, if applicable. For the APR, the Cover Page requires an official signature.

The NHHP data is used to verify that planned activities are eligible, expenditures are reasonable, and DHHL certifies compliance with related requirements. The APR data is used to audit the program accurately and monitor DHHL's progress in completing approved activities, including reported expenditures, outputs, and outcomes. This form is exempt from OMB Approval pursuant to 5 CFR 1320.3(4)(c).

(10) Other (specify below)	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

- (2) Other Needs. (Describe the "Other" needs below. Note: this text is optional for all needs except "Other."):

The Hawaiian Homes Commission Act of 1920, as amended, established the Hawaiian Home Lands Trust and defined the population eligible to reside on Hawaiian home lands as those native Hawaiians with at least 50% Hawaiian blood and their successors or assignees of less than 50% Hawaiian blood. With approximately 8,876 leases on homesteads stretching from Hawaii Island unto Kauai, the Department of Hawaiian Home Lands was created to assist the commission meet its fiduciary obligations.

In 2014, DHHL contracted with SMS Research & Marketing Services, Inc. (SMS) to update the Beneficiary Needs Survey conducted in 1995, 2002 and 2008. The results estimate half of all existing lessees; almost half of all waitlist applicants; and over half of all potential applicants are at or below 80% of the area median income as determined by the US Department of Housing & Urban Development. Thus, over 34,000 native Hawaiian individuals/households are eligible for services under Title VIII of the Native American Housing and Self Determination Act.

Of that amount, approximately 12,000 are applicants and 17,000 are potential applicants. If we extrapolate and say that the average DHHL turnkey home is \$350,000, then the sufficient funding amount for NAHASDA new construction would look like this:

$$30,000 \times \$350,000 = \$10.5 \text{ billion sufficient funding for NAHASDA new homes}$$

Of the balance of individuals/households residing on the home lands, approximately 4,500 need home repair or rehabilitation. If the average cost for home repair is \$100,000, then the sufficient funding amount for NAHASDA home rehabilitation would look like this:

$$4,500 \times \$100,000 = \$450,000,000 \text{ sufficient funding for NAHASDA rehab}$$

Native Hawaiian Rehabilitation

The kupuna of our past left the native Hawaiian people a wealth of information held in the Hawaiian newspapers and the archives of the many entities that Prince Jonah Kuhio Kalanianaʻole was credited with founding. One of those entities, the Ahahui Puuhonua, served as the catalyst toward the chronicling of the despair and destitution of the makaainana (commoner) in 1911. By 1918, one of the Prince's closest confidants and the kahu (pastor) of Kawaiahao Church, put the results of many years of study in publishing, "The Sinews for Racial Development."¹ This book, which the Prince carried with him every day, was dedicated, "...for leaders, for those whose hearts are touched by the pressing needs of the race and are willing to offer the very best of their lives and service freely for its uplift."

The book provides a guide to the rehabilitation of the native Hawaiian people from the perspective of those who developed and championed the Hawaiian Homes Commission Act. It covers the following areas and seeks to offer counsel to any whose direction may not be clear:

1. Race Consciousness: to mean pride for, and faith in the race. That "Hawaiians must play the primary part in the solution" and that self-respect for oneself and others was a "true foundation for a successive progression in life."
2. Broadmindedness: to maintain a broad outlook on life and "a sympathetic attitude toward humanity as a whole." It encourages natives to "Give out to those about us, and to the community in which we live, the very best that we possess" and to "cultivate the ability to observe, to absorb, and to assimilate the good in other races."
3. Education: both 1 and 2 above need the "discerning power and the balanced judgment of proper education." He describes a "Thoroughly trained mind, and a broadly cultivated heart are luminous in the soul of a nation."
4. The Home Life: the home life is the foundation of the development of 1, 2 and 3. It is the "starting point of all social organization, the foundation of civilization."

¹ Akana, Akaiko. (1992) Light Upon the Midst. Mahina Productions: Kailua-Kona, Hawaii.

5. Systematic Living: the execution of the afore-mentioned activities cannot be achieved at once or in burst of energy but rather cultivated over time in a systematic fashion. Regular, good habits such as mindful eating and exercise can help to develop the fortitude to continue no matter the circumstance.
6. Godliness: the thought of ke Akua; the worship and observance of His laws provides a stabilizing relationship that leads to one's fulfillment of one's purpose in life. Today, with the many religious beliefs, spirituality is important to the self-fulfillment each experiences in his/her own life.

The work of the Ahahui Puuhonua and its members provided Prince Kuhio the much-needed support, both at home in Hawaii and abroad in Washington, D.C. to finally pass the Hawaiian Homes Commission Act of 1920. It was an arduous task that encouraged and/or developed the following community strengthening organizations:

Royal Order of Kamehameha
Mamakakaua
Hale O Na Alii
Counties of Hawaii, Maui, Oahu and Kauai
Honolulu Civic Club
Territorial Legislature
Hawaii Republican Party

Through the Prince's leadership and participation in each of these community endeavors, the legacy of the Prince lives on for us today. This housing plan, a descendant of Kuhio's legacy thru the HHCA, is but a small piece of a much broader articulation of need in the State of Hawaii today. By focusing on housing, this most basic of needs acknowledged in the Western world by Maslow, the department attempts to participate in the rehabilitation of the Hawaiian people. Should every Hawaiian have a safe, affordable, decent home, with fresh water for bathing and eating and cooking and food grown or gathered nearby, we could claim success. But with over \$10 billion in need and as the average 57-year-old applicant dies on the waiting list, it does not seem likely we will be able to make such a claim without immediate and swift monetary assistance in the next few years.

- (3) Planned Program Benefits. (Describe below how your planned programs and activities will address the needs of low income families identified above. Also describe how your planned programs will address the various types of housing assistance needs. NAHASDA § 803(c)(2)(B)):

Over the past four housing plans, DHHL has developed nearly 400 lots for vertical development. Focus has been on homeowner financing and leveraged loans with USDA Rural Housing to provide new awardees with the opportunity for safe, affordable and decent housing. However, with the drastic drop in Title VIII funding the past two years (zero in 2016 and \$2 million in 2017) and currently being zeroed out in the present HUD budget, the department realizes it will no longer be able to aggressively address the need identified in the preceding paragraph but rather focus on smaller, less costly activities like housing assistance vouchers.

- (4) Geographic Distribution. (Describe below how the assistance will be distributed throughout the geographic area and how this geographic distribution is consistent with the needs of low income families, including the needs for various categories of housing assistance. NAHASDA § 803(c)(2)(B)(i)):

In early 2013, the Department confirmed the Hawaiian Homes Commission's commitment in the \$75 million NAHASDA spend down to addressing new housing opportunities for home ownership. Since the need for housing was statewide, a priority had to be developed that beneficiaries and lessees could readily understand and accept. It was determined that prioritizing based on the homestead mookuauhau would serve as the best methodology in prioritizing NAHASDA funding and the initial first three homesteads of Kalamaula, Hoolehua and Keaukaha were chosen. The programmatic funding of Home Assistance Program (home rehabilitation); HALE (financial literacy/foreclosure prevention); and Homeowner Financing (60/40 split; Deferred Sales Price; Self Help; IDA; DPA) were utilized in these areas and then expanded to other homestead areas in the last two years. Homeowner Financing are direct loans (or DPA) from the department and the availability is limited to new homestead awards coming online.

Planning and Reporting on Program Year Activities

For the NHHP, the purpose of this section is to describe each program that will be operating during the 12-month fiscal year. Each program must include the eligible activity, its planned outputs, intended outcome, who will be assisted, and types and levels of assistance. Each of the eligible activities has a specific, measurable output. The first column in the table below lists all eligible activities, the second column identifies the output measure for each eligible activity, and the third column identifies when to consider an output as completed for each eligible activity. Copy and paste text boxes 1.1 through 1.10 as often as needed so that all of your planned programs are included.

For the APR, the purpose of this section is to describe your accomplishments, actual outputs, actual outcomes, and any reasons for delays.

NHHP: PLANNED FISCAL YEAR ACTIVITIES (NAHASDA § 803(c)(2)(A))

For each planned activity, complete all the non-shaded sections below. It is recommended that for each program name you assign a unique identifier to help distinguish individual programs. This unique number can be any number of your choosing, but it should be simple and clear so that you and HUD can track tasks and results under the program and collect appropriate file documentation tied to this program.

- ☐ One way to number your programs is chronologically. For example, you could number your programs 2014-1, 2014-2, 2014-3, etc.
- ☐ Or, you may wish to number the programs based on type. For example rental 1, rental 2, homebuyer 1, homebuyer 2, etc. This type of numbering system might be appropriate if you have many programs that last over several years.
- ☐ Finally, you may wish to use an outline style of numbering. For example, all programs under your first eligible activity would start with the number 1 and then be consecutively numbered as 1.1, 1.2, 1.3, etc. The programs under the second eligible activity would be numbered as 2.1, 2.2., 2.3, etc.

APR: REPORTING ON PROGRAM YEAR PROGRESS (NAHASDA § 820(b))

Complete the shaded section of text below to describe your completed program tasks and actual results. Only report on activities completed during the 12-month fiscal year. Financial data should be presented using the same basis of accounting as the Schedule of Expenditures of Federal Awards (SEFA) in the annual OMB Circular A-133* audit. For unit accomplishments, only count units when the unit was completed and occupied during the year. For households, only count the household if it received the assistance during the previous 12-month fiscal year.

*DHHL should note that new Federal government regulations on Administrative Requirements, Cost Principles, and Audit Requirements were promulgated on December 26, 2013 at 2 C.F.R. Part 200. HUD intends to update its regulations by December 26, 2014 to implement these new requirements in its programs. In the meantime, applicable OMB Circulars and the regulations at 2 C.F.R. Part 225 will continue to apply to existing grants. After HUD implements the new requirements in 2 C.F.R. Part 200 (after December 26, 2014), all grants will be subject to 2 C.F.R. Part 200, as implemented by HUD.

Total: 412 lessees

HALE may also assist other families as necessary, statewide.

1.7 Types and Level of Assistance (Describe the types and the level of assistance that will be provided to each household, as applicable.):

In the past three years, the department has discovered that many lessees who are attempting to qualify for homestead offerings simply do not have the credit to do so. Many of these lessees have taken homebuyer education courses that have had no impact to their behavior and as a result, for example, within six months of pre-qualifying for a self-help loan, they are debt ridden and not on a budget.

The department has moved the two housing specialists into HALE and a new manager promoted to oversee the program. HALE staff now conduct lease awards on projects statewide.

The following vendors have agreements that will focus on this goal and activity and will be reported as follows in the Annual Performance Report to enhance transparency and facilitate information dissemination:

Executed Agreements:

- Hawaii Home Ownership Center, 2014 Award, \$622,263; bal. \$599,313.83 (Assist families on Hawaii Island & Kauai with homeownership preparation)
- Helen Wai, LLC, 2014 Award, \$498,000; bal. \$442,097 (Assist families on Oahu with homeownership preparation)

1.1 Program Name and Unique Identifier: HALE Program – Loss Mitigation (AHP III)

1.2 Program Description (This should be the description of the planned program.):

This activity in the second branch of the HALE Program: 2) Loss Mitigation, in the form of lease cancellation/foreclosure prevention services.

At present, the department currently offers two distinct types of loans: external loans (247, 184A, USDA-RD, etc.) and direct loans (with Trust or NHHBG monies). Spurred to action based on the 11/30/14 Delinquency Report compiled by HSD that showed the direct loan portfolio at 26% delinquent (approximately \$16 million), it was the FHA Insured Loan portfolio that caused the greatest consternation: just 11% (307 loans) delinquent but representing approximately \$39 million in external loans that are on the path to defaulting back to the Trust.

As part of its implementation of loss mitigation, the HALE Manager will now be able to refer families at key points in the delinquency continuum at 30-, 60-, and 90-days instead of waiting to make the referral to HALE providers. Working with HSD staff, Fiscal and the NAHASDA Manager, HALE will be able to export data from its providers and identify the following outcomes in the APR:

- ☐ family remains in home with workout plan
- ☐ family remains in home, delinquency refinanced
- ☐ family remains in home, mortgage loan refinanced
- ☐ family remains in home, contested case hearing scheduled
- ☐ family remains in home, contested case hearing ongoing
- ☐ family remains in home, lease cancelled/transition plan begins
- ☐ family evicted

1.6 Who Will Be Assisted (Describe the types of households that will be assisted under the program. Please note: assistance made available to families whose incomes exceed 80 percent of the median should be included as a separate program within this section.):

The lessees listed on the department's monthly statewide report who are delinquent 30+ days or more are eligible for loss mitigation services under HALE. Lessees listed in the HUD-FHA delinquency report who are 30+ days or more delinquent will also be eligible.

1.7 Types and Level of Assistance (Describe the types and the level of assistance that will be provided to each household, as applicable.):

- Temporary financial assistance, short term
- Direct loan forbearance, interest rate reduction, and/or deferment
- Counseling and advocacy assistance for external loan lessees

SECTION 4: AFFORDABLE HOUSING RESOURCES

This section of the NHHP is designed to provide the public with basic background information on the characteristics shaping DHHL's affordable housing programs. Each portion of the text below has several required components that must be discussed. DHHL is encouraged to carefully review the instructions for each section and provide text covering all required elements.

Housing Market (NAHASDA § 803(c)(2)(D)(i) and (ii)) (Describe the key characteristics of the housing market in the State of Hawaii, currently, and in the period of time covered by the plan. Include a description of the availability of housing from other public sources and private market housing, and how this supply of housing affected the DHHL's program/activity choices.):

Wages remain relatively low in Hawai'i making housing affordability a major issue for residents of the state. Because wages remain low, families living in Hawai'i often work more than one job to make ends meet. The SMS Study of 2006 indicated that 44% of all households in the state were at or below 80% of median income. According to the same report, even families with household incomes between 120% and 140% of median income in Hawai'i require affordable housing units given the high costs of housing.

Almost one fourth (22.7%) of all Hawai'i residents pay over 40% of their monthly household income toward their shelter costs and approximately one third (34%) pay over 30% of their monthly household income toward their shelter costs. However, when examined closer it is clear that those households with income levels below 80% of the area median income are more likely to be paying over 30% of their household income toward shelter costs. More specifically, for all households in the state that are at or below 80% of area median income levels, about half (52.22%) pay over 30% of their monthly income toward shelter costs and approximately 38.33% pay over 40% of their monthly income toward shelter costs. As stated previously, shelter to income ratios are higher for native Hawaiian households in that 45.5% pay over 40% of their monthly household income toward their shelter costs whereas only 36.6% of non-native households pay over 40% of their monthly household income toward shelter costs.

The department's NHHBG funded mortgage loans provide single family housing for the same or lower price than a studio in a multi-family high rise built by another housing agency in the urban core. Without NHHBG funding, the department would be unable to build or finance housing for the 80% AMI or below target population.

Cooperation (NAHASDA § 803(c)(2)(D)(iii) (Describe the structure, coordination, and means of cooperation between DHHL and other relevant partners and organizations [including private nonprofit organizations experienced in the planning and development of affordable housing] in the development, submission, or implementation of its housing plan. In addition, DHHL must indicate if it plans to use loan guarantees under Section 184A of the Housing and Community Development Act of 1992 and any other housing assistance provided by the Federal Government.):

The department currently partners with a number of housing agencies and organizations either thru subject matter meetings or formal MOUs or agreements. Included in each of the activities of the plan above were the names of the organizations currently or about to receive, monies from the NHHBG.

The Section 184A Loan Guarantee Program, which is similar to the Section 184 Loan Guarantee Program giving Native Americans access to private mortgage financing by providing loan guarantees to lenders, was implemented in 2007. Currently, Home Street Bank and Bank of Hawai'i are approved lenders for the Section 184 A loan program.

DHHL has been utilizing the FHA 247 loan program since 1987. Almost \$390 million in mortgage loans are outstanding through the FHA 247 loan program to lessees on Hawaiian home lands. Also available is the FHA 203K program for rehabilitation of homes. The Veterans Affairs direct loan, Rural Development (U.S. Department of Agriculture) loan programs, Federal Home Loan Bank (Seattle) Affordable Housing Program grants and low-income housing tax credits are other financing options and tools utilized on Hawaiian home lands.

Demolition and Disposition (NAHASDA § 803(c)(2)(D)(viii), 24 CFR 1006.101(b)(4)(viii)) (Describe any planned demolition or sale of NHHBG-assisted housing units, or any other demolition or disposition that will be carried out with NHHBG funds. Be certain to include a financial analysis of the proposed demolition, the timetable for any planned demolition or disposition and any other information that is required by HUD with respect to the demolition or disposition.):

There are no 1937 Act housing on Hawaiian home lands. The DHHL does not anticipate demolishing any units funded by the NHHBG.

Coordination (NAHASDA § 803(c)(2)(D)(ix) (Describe how DHHL will coordinate with partners to promote employment and self-sufficiency opportunities for residents of affordable housing.):

The State of Hawai'i Department of Human Services (DHS) administers individual and family financial assistance programs that provide cash payments to help individuals and families meet their basic needs. The programs include Temporary Assistance to Needy Families (TANF), Temporary Assistance to Other Needy Families (TAONF), General Assistance (GA), Aid to the Aged, Blind and Disabled (AABD) and the Food Stamps program. Medical assistance is provided through the Hawai'i QUEST and Medicaid fee-for-services programs. Vocational rehabilitation services are provided to persons with disabilities. Whenever the DHHL staff is made aware of a lessee in need, the families are referred to DHS or to an appropriate non-profit service provider.

Safety (NAHASDA § 803(c)(2)(D)(x)) (Describe how DHHL will promote crime prevention and resident involvement in affordable housing.):

The DHHL continues to coordinate efforts with the Police Narcotics Division, the Sheriff's Office and the Attorney General's Office—Investigative Division to do surveillance and to evict the offending occupants whenever there is evidence of drug problems or other crimes in the homestead areas. If investigation results in a conviction, the lessee is taken to a contested case hearing for lease cancellation.

Capacity (NAHASDA § 803(c)(2)(D)(xi)) (Describe the structure, capacity, and key personnel of the entities that will carry out the program/activities of the housing plan.):

The DHHL was created by the State Legislature in 1960 to administer the Hawaiian home lands program and manage the Hawaiian home lands trust. The DHHL is one of eighteen principal agencies of the Executive Branch of the State of Hawai'i.

The DHHL serves native Hawaiians or individuals of at least 50% Hawaiian blood, as defined by the Hawaiian Homes Commission Act of 1920, as amended, and their successors and assigns. These native Hawaiians are the beneficiaries of the Hawaiian home lands trust consisting of a land trust of over 200,000 acres, settlement monies from the State for the mismanagement of trust lands, funds received from the State general fund for a portion of its operating costs, and revenues and earnings from the land leasing program.

The DHHL is governed by a nine-member board of commissioners headed by the Chairman, who also serves as the executive officer of the DHHL. The Governor of the State of Hawai'i appoints each commissioner and Chairman to a four-year term. The terms of the commissioners are staggered.

Currently, there are 99 full time employees in DHHL with six offices statewide. DHHL's main administrative office is located in Kapolei, Oahu and the five (5) district offices are located on neighbor islands. There are two (2) district offices on the Big Island, one in Hilo (East Hawaii) and one in Waimea (West Hawai'i), Hawai'i; one (1) district office in Lihue, Kauai; one (1) district office in Wailuku, Maui; and one (1) district office in Kalamaula, Molokai. DHHL is organized into five offices and three divisions under the Hawaiian Homes Commission and Office of the Chairman. The various offices and divisions are described as follows:

Office of the Chairman (OCH)— 18 staff members

The Office of the Chairman consists of the Chairman of the Hawaiian Homes Commission, who is also the Director of Department of Hawaiian Home Lands; the Deputy to the Chairman, the Executive Assistant; the NAHASDA Manager, HALE Manager, NAHASDA Program Specialist, NAHASDA Compliance Specialist, NAHASDA Clerk; and executive staff.

Administrative Services Office (ASO) – 8 staff members

The Administrative Services Office provides DHHL staff support in the areas of personnel, budgeting, program evaluation, information and communication systems, risk management, facilities management, clerical services and other administrative services. This office also provides support services in preparation of legislative proposals and testimonies, coordinates the preparation of reports to the legislature and facilitates the rule-making process.

Fiscal Office (FO) – 12 staff members

The Fiscal Office provides accounting support for DHHL. One accountant is dedicated to the NHHBG whose position is currently vacant.

Planning Office (PO) - 10 staff members

The Planning Office conducts research and planning studies required in the development of policies, programs, and projects to benefit native Hawaiians. The PO coordinates and develops the Regional Plans, administers the Native Hawaiian Development Program, provides capacity building training

for homestead organizations, and provides community based grants for the implementation of Regional priority projects, community based economic development, and membership development.

Information and Community Relations Office (ICRO) – 3 staff members

The Information and Community Relations Office disseminates information to the public on Department issues, oversees community relations with the various homestead communities and coordinates DHHL's ceremonies. They also publish DHHL's annual reports to the State Legislature.

Homestead Services Division (HSD) – 32 staff members

HSD is composed of three branches: 1) Homestead Applications, 2) District Operations, and 3) Loan Services. HSD is the largest division in DHHL, has staff on all islands, and services more than 25,000 applicants and 8,000 lessees on five islands.

Land Management Division (LMD) – 11 staff members

LMD is responsible for managing Hawaiian home lands that are not used for homestead purposes. Unencumbered lands are managed and disposed of for long and short term uses in order to generate revenues and keep the lands productive while minimizing the occurrence of vegetative overgrowth, squatting or illegal dumping. LMD is responsible for properly managing the lands in DHHL's inventory.

Land Development Division (LDD) – 19 staff members

LDD is charged with the responsibility of developing trust lands for homesteading and income-producing purposes. This is accomplished through the development of properties for residential, agricultural, pastoral, and economic development uses. LDD has three operating branches: 1) Design and Construction – concentrating on the design and construction of off-site and on-site improvements for the various subdivisions; and 2) Master-Planned Community – expediting the construction of housing options through partnerships with private sector and exploring other housing opportunities; and, 4) Housing Project—awards leases.
