Pā`upena CDC is an Upcountry Maui-based IRS 501(c)(3) nonprofit providing resources and training to empower Hawaiian Homes beneficiaries to build homes and self-sufficient communities.
Implemented a $47,000 Department of Hawaiian Home Lands (DHHL) grant by building 10,000-gallon water catchments on six Keokea/Waiohuli homestead farms starting Jan. 1. Pictured are Keokea catchment recipients Moki Takatani (from left) and `Aukai Hatchie, and Gigi Cairel and Ulu Lota of DHHL.

Served as kako`o (support) for Maui Homestead Farmers & Ranchers Association meetings starting Jan. 27. Eö Maui Homestead Farmers & Ranchers Association!

Met with Ke‘anae and Hana waitlisters five times about 985 East Maui homeland acres, to urge beneficiaries to testify at the Aug. 18 Hana meeting of the Hawaiian Homes Commission. Photo shows March 31 meeting at Ke‘anae.

Pa`upena CDC awarded its inaugural $1,000 scholarship, under the auspices of Ke Ali`i Pauahi Foundation, to Shirashi, a 2017 co-valedictorian of Kamehameha Schools Maui. The Colorado State University junior said she is studying natural resources/conservation with a minor in water resources management.

Catalyzed the DHHL Planning Office to update and standardize the DHHL land-use request process.

Presented and distributed 20 DVDs at the Aug. 24 SCHHA Summit at the Pagoda Hotel, and shared Pā`upena Land Use process to simplify and explain the DHHL land-use request application.

After three years of advocacy, was awarded a two-year, due-diligence Right Of Entry (ROE) to 127 Waiohuli/Keokea homeland acres, formerly permitted to a non-Hawaiian/non-beneficiary rancher for 35 cents an acre monthly for nearly a quarter-century.
Culminated the year by receiving provisional approval of a $50,000 Enterprise Community Partners grant Oct. 23 to conduct landmark data collection of a gap group: 9,047 Maui waitlist beneficiaries, and other community stakeholders.
