REGIONAL PLAN UPDATE

Project Sponsor:

Department of Hawaiian Home Lands

Project Area:

Papakōlea, Kewalo and Kalāwahine Homesteads

Project Purpose:

To work with beneficiaries and other stakeholders to update the existing regional plan. The regional planning process allows homestead lessees to identify and solve their own issues and concerns. With support from DHHL and other partners, the planning process and resulting updated Regional Plan are intended to stimulate capacity-building, and to encourage stakeholders to champion the projects that will help to better their community.
