

# Hanapēpē Homestead Project

## BENEFICIARY CONSULTATION MEETING

December 5th, 2019  
6:30–8:30 pm  
'Ele'ele Elementary  
School Cafeteria

The State Department of Hawaiian Home Lands (DHHL) is developing a land use plan and environmental assessment (EA) for a homestead community on approximately 365 acres of lands at Hanapēpē, Kaua'i.

The purpose of the project is to provide residential and subsistence agriculture homesteading opportunities to DHHL's waitlist beneficiaries.

Your input is very important to ensure that the Hanapēpē Homestead community reflects the needs and desires of beneficiaries

Join us for a Presentation and Open House to:

- › Learn and provide your input about the Hanapēpē Homestead Project's refined land use plan and what information will be included in the EA

Visit the Project Website for more information and to download the Fact Sheet:  
<https://dhhl.hawaii.gov/hanapepe-homestead-project/>
