WELCOME TO THE DHHL GENERAL PLAN UPDATE

The Department of Hawaiian Home Lands (DHHL) is developing an update for the 2002 DHHL General Plan, which will establish a vision and policies that guide statewide land management and DHHL programs for the next 20 years. As part of the planning framework, the General Plan Update provides a comprehensive policy that ensures coordinated, integrated, and orderly social, physical, and economic development of Hawaiian Home Lands through the establishment of goals, objectives, and implementing actions.

The goal of the DHHL General Plan Update is:
To create an innovative and pragmatic plan for DHHL through a process that engages beneficiaries and stakeholders in developing a shared vision and values to guide DHHL’s future actions. The plan should be useful to DHHL staff, Hawaiian Homes Commissioners, beneficiaries, and decision-makers alike to communicate DHHL’s guiding policies and identify measures of success.
