

DEPARTMENT OF HAWAIIAN HOME LANDS

E Komo Mai

'Ewa Beach Homestead Project Community Meeting

Thursday, January 26, 2023

7:00 - 9:00 PM

'Ewa Beach Library
(91-950 North Rd)

Project Overview

The State Department of Hawaiian Home Lands (DHHL) is developing a master plan and preparing an environmental assessment for approximately 80 acres of recently acquired land in 'Ewa Beach, O'ahu.

The 'Ewa Beach homestead community is primarily intended to provide residential homesteading opportunities to native Hawaiian beneficiaries on the O'ahu Residential Waiting List, which currently has the most beneficiaries waiting for homesteads. Homestead development is the highest priority in DHHL's O'ahu Island Plan and the uses and character of this project are envisioned to be compatible with the surrounding community of 'Ewa Beach.

This is a public meeting for the 'Ewa Beach community and other stakeholders with an interest in the project. Please join us to learn more about the project, provide input, and ask questions.
