Overview of the State Budget Process¹

The State budgets on a biennium basis with the Executive biennium budget submitted to the Legislature for action on odd numbered years and the Executive supplemental budget submitted on even numbered years. The State's fiscal year runs from July 1st to June 30th. Generally, operating appropriations are effective for a one-year period and any unexpended or unencumbered appropriations lapse at the end of the fiscal year. Generally, capital improvement program appropriations are effective for a three-year period (the fiscal biennium plus an additional year) and any unexpended or unencumbered appropriations lapse at the end of the three-year period.

The Constitution requires that the Governor consider the Council on Revenues' revenue forecasts in preparing the Executive budget and the Legislature consider the Council's forecasts in appropriating funds. If the Governor or Legislature does not use the Council's forecasts, a public statement must be made to that effect along with the reason(s) for not using the forecasts. The Council makes quarterly forecasts that coincide with various phases of the budget preparation and execution process: the September 10th forecast is used by the Executive in preparing the Executive budget; the January 10th forecast is used by the Legislature in planning for appropriations during the legislative session; the March 15th forecast is used by the Legislature in making appropriations; and the June 1st forecast is used by the Executive in budget execution.

Budget System

Pursuant to the Executive Budget Act of 1970, the Planning, Programming and Budgeting System (PPBS) of the State was adopted. The purpose of this act is to integrate the planning, programming, and budgeting processes to improve decisions on the allocation of resources. The act established a comprehensive system for State programs and their related costs over a time frame of six years. The operating and capital improvement requirements are evaluated together to insure compatibility and mutual support. Systematic evaluations and analyses are conducted to ascertain the attainment of program objectives and alternative means or methods of improving current State services. The act provides that the Director of Finance and the Governor may modify or withhold planned expenditures if such expenditures would be in excess of authorized levels of service or in the event that State receipts and surpluses would be insufficient to meet authorized expenditure levels.

A biennial budget is submitted to the Legislature in odd numbered years and the supplemental budget is submitted in even numbered years. Under the PPBS, operating and capital improvement requirements are evaluated together over a time frame of six years. The other major budgets of State entities, which are submitted independently to the Legislature, include the Judiciary, Legislature and Office of Hawaiian Affairs.

Name of Fund: *Hawaiian Home Administration Account (S-325)*

Means of Financing: Special Fund

1. Description and Purpose of Fund (including revenue source):

In 1959, the Hawaii Admission Act (Act of March 18, 1959, Pub. L. 86-3, 73 Stat 4) provided that ownership of Hawaiian home lands (HHL) be transferred from the United States to the State of Hawaii. The Admission Act also provided that the HHL, as well as proceeds and income therefrom were to be held by the State in trust for native Hawaiians and administered in accordance with the Act, and that use of HHL for any other purpose would constitute a breach of trust for which suit may be brought by the United States.

Section 4 of the Hawaii Admissions Act, states in part:

"(3) that all proceeds and income from the "available lands" as defined by said Act, shall be used only in carrying out the provisions of said Act" (emphasis added).

Section 5(f) of the Hawaii Admissions Act, states in part:

"Such lands, proceeds, and income shall be managed and disposed of for one or more of the foregoing purposes in such manner as the constitution and laws of said State may provide, and their use for any other object shall constitute a breach of trust for which suit may be brought by the United States." (emphasis added).

REVENUE LINE ITEMS:

- 1) The entire receipts from any leasing or other dispositions of "available lands" are deposited into this account. Any interest or other earnings arising out of investments from this fund are to be credited to this fund.

Receipts of this fund are from general leases, licenses, revocable permits, rights of entry, and other dispositions of Hawaiian home lands. The Admission Act and the Constitution stipulate that all proceeds and income from "available lands," as defined by the HHCA, "shall be used only in carrying out the provisions of said Act."

EXPENDITURE LINE ITEMS:

- 1) The monies are to be expended by the department for salaries and all other administrative expenses of the department, excluding capital improvements, in the absence of general funds appropriated for operating and administrative costs.

Funds of the Administration Account must be incorporated in the Executive Budget and appropriated by the legislature before they can be used for salaries and operating costs.

OTHER CHANGES IN FUND BALANCE:

- 1) The HHCA provides that the excess of the receipts deposited into the Hawaiian Home Administration Account over the amount approved or made available by the legislature may be transferred to the Hawaiian Home Operating Fund.
 - 2) All revenues from "available" lands are pledged to the repayment of DHHL revenue bonds. Monies in excess of the reserve and debt service requirements may be transferred back to the Administration Account upon Commission approval.
 2. Statutory Basis of Fund:
Section 213(f), Hawaiian Homes Commission Act of 1920, as amended
-

Name of Fund: *Department of Hawaiian Home Lands Revenue Bond Special Fund*
(S-350)

Means of Financing: Special Fund

In 1959, the Hawaii Admission Act (Act of March 18, 1959, Pub. L. 86-3, 73 Stat 4) provided that ownership of Hawaiian home lands (HHL) be transferred from the United States to the State of Hawaii. The Admission Act also provided that the HHL, as well as proceeds and income therefrom were to be held by the State in trust for native Hawaiians and administered in accordance with the Act, and that use of HHL for any other purpose would constitute a breach of trust for which suit may be brought by the United States.

Section 4 of the Hawaii Admissions Act, states in part:

"(3) that all proceeds and income from the "available lands" as defined by said Act, shall be used only in carrying out the provisions of said Act" (emphasis added).

Section 5(f) of the Hawaii Admissions Act, states in part:

"Such lands, proceeds, and income shall be managed and disposed of for one or more of the foregoing purposes in such manner as the constitution and laws of said State may provide, and their use for any other object shall constitute a breach of trust for which suit may be brought by the United States." (emphasis added).

In 2017, DHHL refunded \$30.94 million in revenue bonds. All revenues from "available" lands were pledged to the repayment of these bonds. Monies in excess of the reserve and debt service requirements may be transferred back to the Administration Account upon Commission approval.

Pursuant to section 213.5 of the HHCA, the department is required to establish a Revenue Bond Special Fund for each undertaking financed by revenue bonds. A special fund was established for the revenue bonds issued in 1991. Sources of monies for this fund are:

1. Revenues committed for payment of debt service and maintenance of reserve accounts.
2. Interest from investments of reserve accounts.

The monies are primarily used to repay the debt service on the bonds and to maintain a reserve account as required by the bond resolution.

1. Description and Purpose of Fund (including revenue source):

The Hawaiian Home-Development Fund, established in 1941 as a special fund, and the Hawaiian Home Operating Fund, established in 1948 as a revolving fund, were merged into one fund, the Hawaiian Home Operating Fund, in 1986. Section 4 of the Hawaii Admissions Act (Act of March 18, 1959, Pub. L. 86-3, 73 Stat 4) made the Hawaiian Homes Commission Act (HHCA) a State law by compact with the United States. Under this compact, the Hawaiian Home Development Fund and the Hawaiian Home Operating Fund may not be the subject of amendments that impair or reduce them without the consent of Congress. Consequently, the Hawaiian Home Operating Fund is managed as two separate portions, the operating portion and the development portion, to retain the characteristics and substance of the predecessors of this fund.

Section 4 of the Hawaii Admissions Act, states in part:

"the Hawaiian home-loan fund, the Hawaiian home-operating fund, and the Hawaiian home-development fund shall not be reduced or impaired by any such amendment, whether made in the constitution or in the manner required for State legislation, and the encumbrances authorized to be placed on Hawaiian home lands by officers other than those charged with the administration of said Act, shall not be changed except with the consent of the United States" (emphasis added).

5. For purchase or lease of equipment.
6. For acquisition or lease of real property; and
7. Improvements constructed for the benefit of the beneficiaries of the HHCA and not otherwise permitted in the loan funds or Administration Account.

OTHER CHANGES IN FUND BALANCE:

- 1) The Hawaiian Homes Commission authorizes the quarterly transfer of moneys from the Hawaiian Home Receipts Fund to the Hawaiian Home Operating Fund.
