1. Water – Wai Ola

Provide affordable potable water to Kawaihae homesteads, create affordable agricultural/irrigation water options for Kawaihae homesteaders, provide water for fire hazard mitigation for the safety of the Kawaihae homesteads, and continue to identify and develop new & alternative water sources in the region.

2. Kailapa Resource Center

The Resource Center will be located on the 14-acre parcel adjacent to the existing Kailapa Pavilion. It would provide a location for a preschool, a drop-off and pick-up area for school buses, health & wellness programs, a community garden, access to computers & printers, a sports/outdoor activities area, an outpatient clinic, a dumpster, and office space for staff from different government agencies to be able to visit and answer questions from the community. The 14-acre parcel could also include space for a future kūpuna housing project and a cemetery for the region.

3. Emergency Escape Route & Traffic Safety Measures

Increase safety in the homestead by providing a vehicular escape route for homesteaders from the Kailapa Homestead up mauka to Kōhala Mountain Road in the event of an emergency that cuts off access to 'Akoni Pule Highway. Address safety hazards by implementing traffic calming measures such as speed bumps to mitigate speeding in the homestead.

4. Improve the Coastal & Marine Resources in Kawaihae through Erosion Mitigation

Restore the ahupua'a system concept of land and resource management in Kawaihae which uses indigenous knowledge for stewardship, conservation and restoration from a mauka to makai perspective. Restore the coastal & marine resources in Kawaihae from Pelekane to Kai'ōpae. Control wild ungulates in the mauka areas of Kawaihae to mitigate erosion & sedimentation. Support restoration efforts such as reforestation in Kawaihae Uka & fishpond restoration along the shoreline.

5. Management and Maintenance of the Kawaihae Reinternment Site

The reinternment site is a 5-acre permanent burial site that was established by DHHL in 1994 for any 'iwi that may be inadvertently discovered within the ahupua'a. Provide maintenance of the reinternment site to keep vegetation under control. Plant native trees at the site as a pilot project for reforestation of the ahupua'a.

6. Safe Energy Upgrades

Promote safety and self-sufficiency through upgrades to the energy infrastructure in Kawaihae such as moving overhead powerlines underground to mitigate the risk of wildfire and decrease power outages from high-winds. Provide clean energy initiatives for homesteaders in Kawaihae that are aligned with their vision & values.

7. Bypass Route

Create a bypass roadway on DHHL land, mauka of 'Akoni Pule Highway, that begins just north of Kawaihae Harbor (across from the lighthouse) and connects to Queen Ka'ahumanu Highway.

VOTE ONE: I vote for project #_____.

VOTE TWO: I vote for project #_____.

VOTE THREE: I vote for project #_____.

VOTE FOUR: I vote for project #_____.

VOTE FIVE: I vote for project #_____.
