Dear Mr. Silva:

Subject: Your Email Dated September 15, 2014 on the Oversizing
Costs for the North-South Road Transmission Mains in the
East Kapolei 215 Foot Water System – TMK: 9-1-017: 096

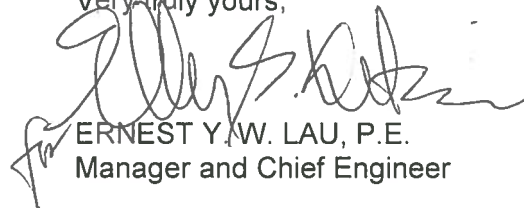

Thank you for your email requesting the reconsideration of the Department of Hawaiian Home Land credits from the Board of Water Supply (BWS) for the East Kapolei North-South Road pipeline oversizing.

We agree to participate in the oversizing of the North-South Road transmission main in the amount of \$1,005,694.00 based on the shared benefit between the BWS and the University of Hawaii.

Please identify a point of contact that will be handling the BWS credit. BWS will create a credit allocation folder to track the use of this credit towards future development projects. To use this credit, determine the amount needed and send a written credit allocation request to the BWS Project Review Branch, identifying the project and amount of credit being requested. BWS will issue a formal letter acknowledging the assignment of credit to the named project and remaining balance. Provide a copy of this acknowledgment letter to BWS Service Engineering in lieu of payment for calculated service charges.

If you have any questions, please contact Robert Chun, Project Review Branch of our Water Resources Division at 748-5443.

Very truly yours,

ERNEST Y. W. LAU, P.E.
